180 Faculty and Staff

Union College is blessed with many hard-working, talented people. We dedicate this yearbook to a member of our faculty who has demonstrated an abundance of school spirit for many years. She brings enthusiasm and experience to the classroom. She brings the sweet sound of her saxophone to ball games. She sings (and swings) for the Regional Chorus choir. She helps people in the writing lab for free. Dr. A. Candy Wood: we salute you!

# Dedication

Dr. Christine Morley Frickel (below), Chair of the Department of English, Communication and Languages says:  
 "Dr. Wood makes herself available to help all over campus, whether it be proofreading a document or chairing an important committee. She works hard every day and it's just in teaching—still, though her teaching is exemplary. Her input and ideas in making concerning faculty decisions is invaluable. She has served on and chaired most every faculty committee in this campus because her opinion is always well thought out and well argued. She is committed to this school and its success. In my opinion, Dr. Wood gives the extra mile. Thank the y'all right."

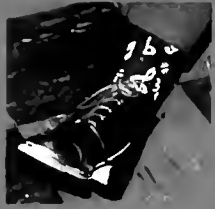

Dr. Jim Gerritt, above:  
 "For the past few years, Dr. Wood and I have played in a campus Christmas music ensemble. We wear our hard hats and drive. We go to Sharp, the library and Spauld Hill to buy two or six Christmas songs. I play guitar, she plays the recorder. Dr. Wood also makes famous to go first she distributes. A highlight of the Christmas season is to eat hot fudge."

Dr. Wood helps out in Repair Affair day as a photo grabber.

Drake Ewin, left: "I think she is awesome. For all the four years I've been here, Dr. Wood is one of my favorite teachers. I only had her class once. It was never just a boring lecture. She always had an air of fun just as much as we had fun. The class involved a lot of fun work, but you were motivated to do it. You'd never know what she'd show you next. She'd read a poem, or do a PowerPoint with exhibits popping up, or watch a wushu break. I'd love because the class was so engaging."

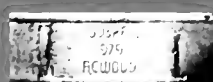

Above, and left Dr. Wood sporting some appropriately musical looks. The night she sang at the St. Valentine's Day concert in Conway Boatman Chapel.

Pip Gaud trumpet (Drew Adams, above), says:  
 "Dr. Wood is part of our saxophone section. She's been playing music here for nearly 30 years. We enjoy her dedication in the field, said. She plays an awesome Louis Susskoff. She's funny, she rants jokes. We have a good time at the stands. You can rely on her to support our sports teams. She's always there to cheer on the swimmers and basketball, football and soccer players."

Below Dr. Wood: back in the Regency Walk. It's celebratory how much she loved being part of a musical production here.

Kessie Farnsworth, left, sings with Dr. Wood in Regional Chorus, the school's community ensembles. She is an awesome alto and is really good at keeping the rhythm, literally! She loves her stuff!

WHAT IS YOUR MOST MEMORABLE EXPERIENCE HERE AT UNION?  
 Going to Louisiana for Spring Break. We worked with a group rebuilding a church community center and in our spare time we got to see New Orleans, go on a swamp tour full of gators, see an old plantation, and tour a marine biology research lab.

WHAT IS YOUR MOST MEMORABLE EXPERIENCE HERE AT UNION?  
My Junior year during the Bryan vs. Union vball game, we had a black out. I had first serve and the crowd was WILD! The excitement and adrenaline that ran through my body was indescribable. Looking into the crowd seeing a body full of black shirts gave me a sense of reassurance of how wonderful my home, Union College, was!

**DATE OF BIRTH:** December 19, 1974  
**HOMETOWN:** Barbourville, KY  
**INTERESTS/SPORTS:** Spending time with my family and friends, working at church, reading, watching movies, and scrapbooking  
**FAVORITE COLOR:** Orange and Black of course!!! Go Bulldogs!!!

**ADVICE FOR THOSE STILL IN SCHOOL:** Stick with it and don't give up...no matter how difficult it is. The reward is worth the hard work!!!

**PLANS FOR THE FUTURE:** In a year or so, start taking graduate classes. Hope to get either a master's in Library Science or Psychology

**WHAT IS YOUR MOST MEMORABLE EXPERIENCE HERE AT UNION?**  
 One of the most memorable experiences would have to be the night we had the tornado warning. It was my night to work and it was storming. You could hear the siren going off. Campus safety told me to get the students to the basement. I was running on pure adrenaline, because I knew it was my responsibility to take care of the students!!! We made it to the basement (which you have to get to from outside) and stayed down there for a while. It ended up that there was no tornado, but it made for a pretty exciting evening!!!

# FACULTY & STAFF

As the school year comes to a close once again, we are reminded of all the good and sometimes the bad times we have shared with one another. For some, this will be our last time here on campus and for others we are just starting. I would like to take this opportunity to say that without the help of those listed below I would not be where I am today. Thank You for the

time and effort you have put into making a brighter future for myself and the many other lives you touch daily. ~ Departing Senior ~

# Alpha Psi Omega

Above: this year's Union APD chapter Vice-President Emily Baker, with President Jason 'Chewie' Johnson. They're all dressed up here for Union College's answer to the Oscars, APD Awards night: April 9th, 2010.

Left: Joann Ezell was a very popular winner from the Best Technician field. "Before I came to Union I didn't know anybody here. Being in theatre makes me feel like I've got a place here. I have a great group of friends that makes me feel like I'm part of a family."

New APD member Stephen O'Donoghue (with Jason 'Chewie' Johnson to the left, and Will Sanderson, right). Steve took five years of bit parts, painting and helpful photography to gain APD membership. Here he is singing in his role as Stingo, the pub landlord in *She Stoops to Conquer*. He played it with a comedy Scots accent, and it won him his third Best Actor in a Minor Role award. He says "I'd played a dinosaur and an evil robot before. Finally I was acting a part as a human being!"

Below: dauntless song-and-dance man Chns Adams leads the annual dance on APD Awards night. Here he's playing Voldemort, who is magically controlling the feet of Samantha Caldwell's Harry Potter with the Imperious Curse. The song was *To Dance Again* from the *Harry Potter Musical*. Samantha won this year's award for Best Newcomer, and was a split-vote equal winner with Emily Baker for the Best Actress prize.

## APO is the national honorary co-ed theatre fraternity.

Students at Union can go see two plays a year, right here on campus, for a one-dollar admission ticket. If you have a passion for the stage, you can be PART of these productions, and work towards membership of Alpha Psi Omega. Points are awarded for acting, and also for work behind the scenes. This year the five current APD students welcomed three new members.

Above, right: new APD member Jennifer Mullins. She is back at Union after 15 years to earn her second Masters, in Special Education. She was Stage Manager for *Play On!* and took the leading role of Kate in *She Stoops to Conquer*.

Right: Pam Napier, one of the three new members of our APD chapter. Here she is seen in her acting debut in the one-act play *There Is No John Garfield*, directed by theatre minor Marcus Ashcraft.

Left: Keith Parker, seen here with Andy Messer, won the vote in this year's Walk On category.

Right: the three graduating APD members this year; Chelsea O'Connell, Bethany Hopkins (right), and Marcus Ashcraft.

Bethany: "I never thought of myself as a theatre person before I came here. I didn't expect to win the APD Award at the Honors Convocation. A woman sitting beside me there said she was sad I was graduating, because she'd never see me acting here again!"

Marcus: "The Union College Theatre has been my family, and I am glad to have been a part of something so amazing."

# Kentucky s are scholars.

Most Outstanding Club  
Award 2009.

# Professors are professionals.

As a special treat, Union KEA-SP and Santa visit a local school for a holiday reading day.

# Educators are collaborators.

KEA has allowed me to be active in schools in the local community. Being in KEA-SP has allowed me to grow as both a member of the community and an educator.  
Lori Bargo

KEA-SP is an incredible opportunity to get involved with future educators at Union, as well as, across the state. This experience for me has been one of the most meaningful for me in my time at Union.  
Brooke Smith

# Educators Are Leaders!

At a KEPAC (Kentucky Educator's Political Action Committee) meeting in Fancy Farm, KY, Union KEA president Chelsi Deweese meets some other chapter presidents from around the state. Some of these included: Elizabeth McMahan - UK rep.; Jessica Campbell - state president (Murray State); and Kevin Fox - state president-elect (UK).

Future educator Brittany Asher helps out in the classroom in Spring 2010.

KEA is a great organization that has really helped me grow and develop as a student and future educator. I look forward to seeing how KEA grows in the years to come.  
Chelsi Deweese

**K**EA-SP provides Professional Development - Each year KEA Student Program members enjoy access to more than a dozen state and regional professional development events and many more at their home campuses, and includes the certificates they receive in their portfolios; Leadership skills - KEA Student Program members learn valuable leadership skills on campus and through opportunities to work with KEA's local associations; Community Outreach - KEA Student Program members visit schools across Kentucky to read with children who might not otherwise have that experience; and Scholarships & Awards - In the last ten years, KEA has awarded more than \$60,000 in scholarships to members of the KEA Student Program.

From left to right: Carlin Hedrick, Nikki Jeck, Chelsi Deweese - President, Brooke Smith - Communication Director, Lori Bargo - Vice President, Jennifer King - Secretary/Historian, Lousie Saylor, Brittany Asher - Treasurer, Chelsi Walls, Jennifer Burke

his pizza ... the Rev

Students helping to fill care packages to be sent to Haiti.

Right: Emily Cardwell, ... and John North relaxing before they take the mile walk in bare feet.

Spiritual life is the group on campus offering religious guidance to the students, faculty and staff of Union. This group has many different people involved and the activities are open to anyone. People are free to come and go as they please and always have a good time. Many know that Spiritual Life has the famous Pizza with the Rev. every Thursday, but spiritual life is so much more than pizza and spirituality. This group is about friends, family, having a great time, and getting a closer connection to those around you regardless of what they believe.

Over the course of the last few years the number of activities Spiritual Life offers has grown as has attendance at the events. This year the group was able to put on two Christian concerts (one in the fall and one in spring), offer a fall retreat, help with Hanging of the Greens, have Alt. Fall and Spring Break, Humanities trips, Staley Lectures, Willson Gross Lecture, a team for Repair Affair, and community service opportunities.

To help cope with the increase in activities the Rev. had to take on even more interns to help fill the needs of the growing interest in the groups activities. This year the interns were: Bobby Partin, Dave Emerson, Bethany Broughton, Krystal Webb, Bethany Hopkins, Stephen O'Donoghue, Tiffany Caudill, and Christopher Osborne. Along with these people Aaron Farmer and Amy Vallandingham helped in any way they could and put in many hours for the sake of the group and the activities it offered.

Above: Bethany Hopkins organized take the walk.

Right: "Thoughts on Spiritual Life, it's been one of the best groups that I've had the pleasure to work with. I feel like I have grown so much from being a part of this awesome group. I discovered a whole new level of myself through spirituality experiences, traveling to different places of worship, having different events and discussions. Also I have found new friends and colleagues that I've enjoyed working with. I think everyone should try out this group and at least attend several events they hold on campus." Aaron Farmer

Below: Krystal Webb taking part in the day without shoes, despite the rain.

Left: Students test for the event 'take the walk.' Following a day without shoes, Spiritual Life organized a mile walk to help raise money to buy shoes for people in other countries.

Right: Dave Emerson taking the mile walk and holding the sign letting people know what they were doing and what it was about.

# Bonner Scholars

## and Common Partners

Back row, left to right: Kyle Hathorn, Nate Peyton, Shawn Spoon, Habib Sanogo, Cody Thompson, Sideek Sanogo. Second row: Zac Eagler, Seth Bingham, Jeff Howard, Jared Ford, Aaron McCollum. Next row: Betty Begley, Krystal Hale, Leslie Howard, Carla Jackson, Eden Ellison, Samantha Sayre, Sarah Dunaway, Tiffany Moore, Ashley Brown, Mollie Messmer. Leaning forward: Tasha Abbott, Shanya Jackson, Ashley Shipley, Christy King, Martika Wills. Sitting: Gabrielle Mellendorf, Ben Jenkins, Austin Sebald. Insert pictures: Ashley Gattis, Lon 'Sonny' Whitson, Marcus Ashcraft, Rebecca Kiskaden and Nick Baldwin.

Right, Nate Peyton, whose expertise and hard work on Repair Aftaer Day was very impressive.

"I've been a Common Partner for two years. It's great. I stepped away from sports, that took too much time and was too intensive. I still wanted to be involved in something. I've developed into a person who wants to help.

I did a community based research program planned for the Daniel Boone Festival, took two service trips - which were great - and all sorts of other stuff. I really like Repair Aftaer. I've been involved in it for three years now. I'm used to doing it, my dad is a construction worker, so I have the experience.

Becoming a Common Partner was a good choice. It's changed me. I used to not do much volunteer work or take the time to understand what that can do for people. It has helped me grow. It's a win-win situation for me, and the people we help."

The Bonners and Common Partners led and helped with many causes this year like Angel Tree, the Hunger Banquet, the PRIDE day cleanup and Hoopin' for Haiti. Above: the Day Without Shoes awareness event.

Left: the Mayor helping plant trees for Earth Day.

Common Partners interns do event planning, volunteer recruitment and run community service programs. Each is assigned to a service project.

Right: Senior Bonner Jeff Howard on Repair-Affair Day.

EXPRESS (Xtreme, Playful, Rambunctious, Excited Super Students) brings together student volunteers and children with needs for a day of exciting games.

Above: Zac Eagler sees who can stand on one leg. Right: Austin Sebald leads the parachute games.

Below: The Children's Art Program coordinator was Carla Jackson. Tasha Abbott was her co-coordinator. Ashley Shipley and Nick Baldwin were regular volunteers and Cody Thompson also helped sometimes. Gina Jackson was a non-Bonner volunteer, just for the joy of it.

15-18 Jan. 2010 the Spring Service Trip went to Atlanta, GA.

The team spent a day working with Books for Africa, packing books in boxes to be shipped off.

Below: Ashley Shipley really enjoyed running the Children's Art Program on Monday nights.

The Bonner Scholars receive scholarship money from the Bonner Foundation. They are trained as community activists and service volunteers. They work in a variety of placements doing good work on and off campus.

Above: Christy King and Ashley Brown. Left: Tikka Wills.

Left, Samantha Sayre: "I became a Bonner by accident. I came here to get out of school for a day. I got my campus tour and found out I was accepted. I met some of the Bonners and saw what they did, like Timeless Tales. I applied, and never looked back. I knew I wanted to do it because I wanted to be a teacher.

Timeless Tales is a tutoring service that's free to the community. We take ages kindergarten through seniors in high school. We do any subject. I do love it. There are times when it seems too time consuming, but when you see the look on the kids' faces when they understand something, or when they run up to you and give you a hug... that's when I know that what I do matters and that I truly love it."

Below: Kyle Hathorn working with a kid for Timeless Tales.

Left: When the City of Barboursville began a recycling program the staff of Weeks-Townsend Memorial Library offered to be a campus collection area. In fall 2009 the library partnered with Union's Common Partners to bring in students to manage the project.

Bonner Sarah Dunaway is now the coordinator. "We would not be successful without the library staff's contributions. We're glad to have partnered with them and appreciate the positive responses from the entire campus."

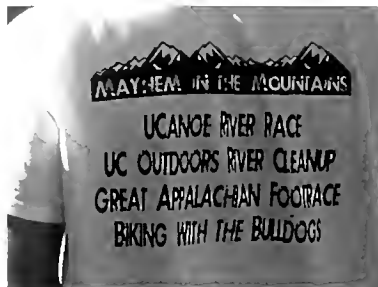

# Creating Memories Since 1980.....

Left: Club and Andy's class participate in rock climbing.

Right: Tim Saunders, one of the newest members to the Admissions staff, enjoys a little down time in the pool.

Below: Eric Kinman, Ross Weller, and Daniel Kual

Below: Wesley Lamberson doing a little free style climbing on one of the outings.

Above: Union alumn Billy Parrott tries his skill at rock climbing.

The phrase "Since the 1980's" has been on every email the club sent out this year as a reminder to those who read it that the Wilderness Club has been operating here at Union since 1980. Originally, the faculty sponsor was John Taylor, Professor of History, who handed the club over to Andy Messer. Since the beginning, the club has been popular among faculty, staff, students, community and alumni. This is one of few clubs that has an open door policy, meaning that anyone and everyone is welcome to join in on the activities available. In the past, caving was one activity the club really enjoyed but due to an infectious bat disease, White Nose Syndrome (WNS), the federal government has issued a ban on all caving on the eastern seaboard of the United States. This ban has been in effect for the past few years and has been honored by the club. Other activities include: fishing, rock climbing, rappelling, canoeing, bike riding, cookouts and the occasional Adventure Race.

Before and after photos of those who participated in the diving training session.

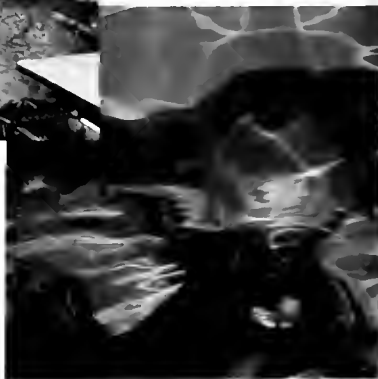

Below: Admissions counselor Dustin Adams takes his turn at scuba diving in the pool.

Left: Shawn Trinqu uses one of his dorm walls for climbing practice during the year.

Left: Shawn Trinqu tries out some new moves as he hangs upside down over a large pond.

Above: A group of regulars to the events take time out and relax by the fire.

Right: People find out just how cold the water is when they get in for a night of scuba.

Shawn Trinque "Quotes from people who do nothing memorable."

Left: Union students outfitted with the necessary equipment for rappelling.

Below: This enthusiastic student is ready to take the plunge off the nearest cliff as she and Andy Messer make the final checks on the rack and harness.

Below: Wilderness Club faculty advisor, Andy Messer, is prepared to assist all those that wish to rock climb up the mountain.

Below Left: Although it seems like rain, the mist or water you see before you is actually a waterfall in the heart of the Daniel Boone forest.

Left: As one of the exercises of the night, participants had to walk their way along the floor of the pool with their hands.

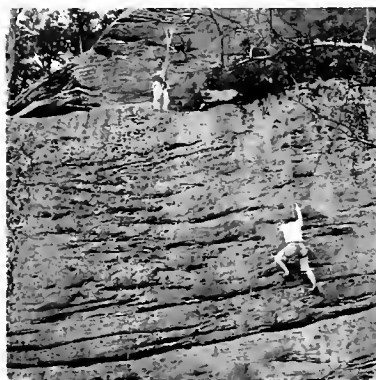

Above: Rachel Millsop receives instruction on how to use her diving equipment before she can dive.

Below: Matt waits patiently in his little blue flippers for his turn at swimming in the pool on scuba night.

Below: Long time member and alumn Chris Osborne makes it to the top of a 40 foot cliff on the first try. (One in orange)

Cassy Kost "I really enjoy the Wilderness Club. We went rappelling, canoeing and rock climbing this year. Unfortunately we were not allowed to go caving this year because of white nose syndrome in the bats."

Below: Johnnie Nabors entertains the crowd at Open Mic Night.

Above: The re-opening of the Soldiers and Sailors Memorial Gymnasium commences with Monica Moreland, Jessica Florence and Arthur Johnson cutting the ribbon on February 23.

The Campus Activities Board (CAB) members are: Tommy Ruth, Alessandra Tavoloni, Jessica Burke, Christi Day, Capri Savage and Eric Ashcraft. CAB designs, sponsors, and produces a variety of activities on campus and supports and encourages individuals and organizations to create their own activities. Members help plan and sponsor major events, including homecoming, spring formal, springfest, lip-sync contests, student dinners, dances, bonfires, outdoor recreation, and other campus activities. This year they hosted The Newly Roomie Game, Dating Game, Bingo Night, Dance Dance Revolution, Baseball Poetry Reading, Open Mic Night, Bulldog Madness, Hypnotist Night, Ultimate Frisbee, Meet the Bulldogs, Billiards Tournament, Trivia Games and the other events shown on these pages.

Above: Amanda Gibson dobbs her card in hopes of getting five in a row B4 anyone else during Bingo Night.

Above: Drew Chamberlain concentr8te's on his shot during the Billiards Tournament.

Above: Brooke Porter does her civic duty in October's Blood Drive.

Left: Onlookers laugh and cheer as they watch the UC version of the Dating Game.

Right: The Baseball Poem Reading allows Tyler Brake to show off his creative side.

## Core Values

The dignity and worth of all individuals.

Social justice, inclusiveness, and diversity.

Professional excellence, integrity, and accountability.

Rich and meaningful participation in society for all individuals with exceptionalities.

Effective individualized education for all individuals with exceptionalities.

The importance of families in the lives and education of all individuals with exceptionalities.

Collaboration and community building to improve outcomes.

Below: Justin Weaver, Marc Estep (treasurer), April Lawson (secretary), and Brandon Asher

Above: Teri Busierre (President), Y. Moore and Theo at CEC Convention

## Mission

CEC is an international community of educators who are the voice and vision of special and gifted education. Our mission is to improve the quality of life for individuals with exceptionalities and their families through professional excellence and advocacy.

Below: Sandra Akins (President-Elect)

## Vision

CEC is a diverse, vibrant professional community working together and with others to ensure that individuals with exceptionalities are valued and included in all aspects of life. CEC is a trusted voice in shaping education policy and practice and is globally renowned for its expertise and leadership. CEC is one of the world's premiere education organizations.

The Union College Chapter for the Council of Exceptional Children (CEC) was founded in 2007 and now has 85 members, the largest student chapter in Kentucky. The majority of the members are special education majors in the graduate program. The faculty sponsor is Yvonne R. Moore, Ed.D., who also serves on the Kentucky State Student CEC Development Committee. The CEC mascot is Theo (service dog in training).

The Union Chapter of CEC supports the values, mission, and ethical principles of the International Council for Exceptional Children. The UC chapter is currently developing a community outreach and service plan for its members. In addition, professional development opportunities, CEC Division activities, and fund raising projects to help support these ventures are on the slate for the 2010-2011 Union College year.

meeting.

# Psi-Chi

**Mission Statement**  
To produce a well-educated, ethical, and socially responsible member committed to contributing to the science and profession of psychology and to society in general.

Jason King

The Kentucky Psychological Association (KPA) spring academic conference gave students from Union College an opportunity to participate in an event that had both knowledge gaining and networking potential. This year I (Jason King) coached the psych-bowl team, which competed against Morehead University first round. I was glad to see the team I worked with personally compete to share knowledge that few students get to participate in. Even though the team lost first round, they did significantly better than last year's team, which had several upper classmen. The team this year answered more questions, and competed against a much larger university, that in itself speaks volumes about the quality of education Union College Psychology students are receiving.

Also at the KPA conference, as a graduate student, I had the opportunity to present research, successfully, and competitively with large universities such as: University of Kentucky, University of Louisville, Spalding, Morehead, and other much larger and better funded universities. On a scale of one to six, over six categories, I scored three fours and three fives (which is really good considering how tough the posters were judged). More importantly I had the opportunity to refine my research, and get professional feedback, much like how research in our field is often done. I was also given the opportunity to network, and made a great connection with a student from the University of Louisville for example. Her research applies directly to my field. It was interesting to see current research in my area of professional development.

Sheena Williams

found both conferences very beneficial to my educational experience as an undergraduate Psychology student. While networking remains undoubtedly the most important part of these conferences, I found I was also able to expand my interests which may help generate future research ideas. Seeing the reaction from my fellow members as well as faculty from other institutions has overall made me more comfortable and confident in presenting my research.

Interacting with other researchers allows psychology students to give and receive needed feedback that could possibly lead to a future publication. Representing our school at these events allows us to promote Union College while also raising our reputation among other institutions. Experiences such as these may produce a more knowledgeable graduate student which reflects positively on their time at Union.

Brett Smith,  
Jason King,  
and Dr. Charles Jones.

Dr. Susan Isaacs offers free yoga classes to the faculty, staff, and student population. During the sessions participants free their minds in a series of stretching and breathing techniques that help them relax and stay in shape at the same time.

"Student Ambassadors is like a family, we may not have it all together, but together we have it all."

Camilla Helms

Right: Emily Baker and Camilla Helms during the filming of UTV

Left: Jesse Bear posing Asian side very early in morning during the last orientation

Morgan Brown slipping down the slide at Laurel Lake during a Ambassador trip in the summer

From left to right, Autumn Combs, Nik Bistina, Aaron Farmer, and Jared Ford working their corner to help students find their way to the station.

**S**tudent ambassadors is the group on campus that organizes and does orientations. They spend months preparing and organizing the event. They arrive at school three days early to begin setting up for an orientation. They get up and come to school at 6am the day of orientation and still have a smile on to welcome new students. Student ambassadors organize open houses, senior skip days, large group visits, tours and more.

Student Ambassadors is more than the wacky group that does orientation. To me, the ability to be a potential student's first tour of a college is really special. Meeting new students at orientation and then having them come up and tell you they remember you and how much fun they had. It's amazing how much the ambassadors really mean to Union.  
John North

Hannah Goins and Jessica Brandner roomies having fun at orientation

Sammy Whitson showing off his dance moves at summer orientation

Some of the new Ambassadors talking about upcoming events

# Student Support Services (SSS)

The Office of Student Support Services provides several services such as tutoring, Supplemental Instruction, personal and career counseling, and academic advising free of charge via the Academic Resource Center (ARC) and the Office of Career Planning and Placement. These services are designed to help you successfully complete your college education. You are our number one priority!

Above: Every summer kids from area high schools get a chance to come to Union to see what it is like to be in college and attend classes  
Left: This group just finished an instructional Etiquette Luncheon, where they discover the proper way to eat when trying to impress others

Above: tutor Stephen O'Donoghue leads a group session to sharpen people's skills in formatting their papers

"This group is very informative on the things that go on in society. I was taught the proper way to prepare a resume. Another was how to prepare for an interview. Overall, the trip was fun (I watched the play, The Christmas Story). I really enjoyed the play; it was hilarious."  
Malcolm Smith

The Office of Career Planning and Placement supports efforts of career planning, job searches, internships, graduate school preparation, resumes, cover letters, etiquette, and all other career necessities. Career Planning assists students in evaluating their interests, abilities and values through career guidance computer programs and vocational interest testing. Other services include a Career Resource Library, Graduate School preparation, annual job fair, various workshops, assistance with resumes and alumni resources.

Left and below: These are just a few of the 175 student-participants in the SSS. The picture on the left: those who participated when the group went to the Dixie Stampede in Gatlinburg, TN. The group below went to watch the Christmas Story play

Below: "I think the tutoring program is very beneficial for the students who need help. When I was a freshman I went to a tutor myself. It's good to give back. I've also enjoyed working with Dr. Isaacs as her Supplemental Instructor for the last three years. Supplemental Instructors sit in with the class, and hold office hours and SI sessions for the students. I have built up strong relationships with the professor and the students throughout my time as an SI."

Emily Baker

Tutor Rachel Mulsop helps out Natalie Morris

Checking out what the SSS has to offer at the Career Center annual TRIO day

Supplemental Instruction (SI) at Union College is adapted from the program at the University of Missouri at Kansas City. This model of student academic assistance helps students in historically difficult classes master course content while they develop and integrate learning and study strategies. There is no remedial stigma attached to SI since historically difficult courses, rather than high risk students, are targeted. The Supplemental Instruction process begins on the first day of class. Students are asked to complete a brief survey to determine the best time for SI review sessions. Each session is conducted by a student (SI Leader) that has successfully taken the class under the instructor and obtained a grade of "A" or "B". They will attend all class sessions and prepare review material from class lectures while evaluating their content with the instructor. The SI Leader then prepares three scheduled one-hour study sessions per week.

Tutoring is available free of charge, by appointment only, to all students via trained peer tutors through the Academic Resource Center. All tutoring sessions are held in the ARC and are designed to be flexible in order to meet both personal and academic needs.

"SSS is an enjoyable resource for the students. This group left me with good experiences and even better friends. Plus, the money and free trips are great fun too."  
Steven Rodriguez

# Pep Band

Roberto Bert Bertholo Jr

"My coach told me about Pep Band when he found out I could play. I play the guitar and drums. It's awesome. They feed us, we get free snacks. It's a lot of fun playing with the guys there, and watching the game at the same time. I like playing *Smoke on the Water*."

Emily Ground

"I've played with the Pep Band for three years. Some of us bring our own instruments. I play my clarinet. I've owned it since middle school. The song *Gimme Some Lovin'* is definitely my favorite. Union's Pep Band is still growing and getting better. It's cool because we get to play with the kids from Knox High School. They get the feel of the college atmosphere. Dwayne, our band director, also directs there. We practice once a week, getting together to run through songs."

Jason "Chewy" Johnson

"Pep Band is a lot of fun. I play the drums. I get into every ball game for free, so does every other student. hahaha! Drums are cool, so when kids come up wanting to play them, that's awesome. I can keep time naturally, if I'm not playing, something too complex, so I can head-bang at the same time. There's a lot of movement involved in drumming, so you kind of head-bang naturally."

# The Sound of Union

"The Union College Music Program presented four major choral performances this academic year: Christmas Festival, Valentine's Day Concert, UC Singers & Union Harmony Spring Concert, and Regional Chorus Spring Concert.

It has been a great year! The choirs sang a wide variety of works from different historical periods, genres, and styles. They sang everything from *Sing We Now of Christmas* to *Moon River* to Mozart's *Ave Verum* to Faure's *Requiem*. Talk about variety!

I could not be more proud of all my singers."

V. Gay Gandy, DMA, Associate Professor of Music

Dr. Gandy throws a gift to her choice of "singer of the week."

Right, warming up an hour before the Spring Concert.

Left, Chris Saunders, who performed a piano solo of *Prelude in E minor, Op. 28, No. 4* by Chopin at the spring concert: "I learned a lot about improving my voice in choir, and learned not to make funny faces when I mess up on a piano solo. I am transferring to Asbury University in Wilmore, KY. next year because they have one of the best music programs in the country, without going to a specialty school like Juilliard."

April 7th- UC Singers burst into a chorus of *Happy Birthday* for Ashley Shipley.

Left, Ashley Shipley: "This was the first year I had a solo in choir. I have done solos in front of crowds before at competitions and for church but not in front of my peers. I was one of the people singing the first lines of George and Ira Gershwin's *Someone to Watch Over Me*. I was very nervous but happy I did it!"

Left, Kara Beth Lundy.

Regional Chorus practicing Aquinas/Franck's *Panis Angelicus*. Dr. Goodman is on the right.

## Regional Chorus

The community-based volunteer choir of over 40 people sang with Regional Chorus this year. Among them were the following core students, staff and faculty from Union:

|                           |                         |
|---------------------------|-------------------------|
| Jesse Beal (S)            | Stephen O'Donoghue (VS) |
| Jini Caldwell (FVS)       | Kassie Patterson (VS)   |
| Jeffery Goodman (FVS)     | Maddie Peterson (V)     |
| Cassy Kost (VS)           | Andelys Wood (FVS)      |
| Gabrielle Mellendorf (VS) |                         |

Key: F = sang in the fall semester, V = Saint Valentine's Day concert, S = spring semester

Danny Phelps, piano accompanist and organ player, serenading some of the ladies of Regional Chorus: Maddie Peterson, Rachel Lester, Dara Lester, Mary Ellen Lester, and Laura Hahnfeld. (To the right are James Russell Pope and Danny Phelps.)

Left, Stephanie Cagle: "Plato said 'Music gives a soul to the Universe, wings to the mind, flight to the imagination and life to everything.'" The yearbook asked Stephanie about the crowd cheering at her in the Valentine's Day concert. She'd just stepped forward at the start of a song to call out "Hello Max, hello Bob," and gave the crowd a huge wink. "It was *Thanks A Lot But No Thanks*. I was just playing the part and giving the audience a show :)"

All in black for the Valentine's Day concert: Courtney Sprinkles, Geri McCartney and Bradley Hobbs.

Dr. Gandy spends time on phonics, matching exactly which voices should go beside and between which others. Left to right: A.J. Gambrel, Michael Poff, Jesse Beal, Eddie Smith and Johnnie Nabors.

Right, Union Harmony singing on the night of CIRCLES.

Chris Adams is in the white shirt: "I'm in Union Harmony; it is fun and tedious. With us being a small group we need to rely on each other to make the music everyone hears at programs. It's actually nice to start the year earlier, singing at Welcome Weekend I beat the rush of students coming back. At the end of the year we stay longer for Commencement. It is a joyful occasion and I'm happy to be a part of it."

## UC Singers

Olivia Brock sang with the Union Harmony choir for the first time at the beginning of the year. Brock sang with the Union Harmony choir for the first time at the beginning of the year.

Key: F = sang in the fall semester, V = sang Valentine's Day concert, S = sang in the spring semester.

# In Time of War

In faraway places America is at war. Conflicts in Iraq and Afghanistan have continued for years. Here, at Union, some are thinking of friends and loved ones, they're in harm's way. Others are in training to join the armed forces. Among us are also veterans, returned from these wars.

This is what they wanted to say...

Left: the ROTC (Reserve Officer Training Corps) on an exercise near Lakeside.

Eric Kinman, above:

"I was in Baghdad, Iraq. I was with the 223rd MP, deployed in 2008 for Operation Iraqi Freedom. We were a military police company; we worked with the Iraqi police over there. I worked a step up, at brigade level, with the active duty part of the army. I worked real close with Lieutenant Colonels, and officers in general. I'd log significant events through the day on computer, file special events, and monitor radar. I worked 12 hour shifts, 7 days a week. I wore my uniform for a year over there. It made me dislike it. It would be better if the boots were padded! In Iraq there's sand everywhere; you have to clean the room constantly."

Whitney Bundy:

"It has paid for my college; I haven't had to pay a dime out of pocket since I joined ROTC and the National Guard. The reason I joined is I wanted to be a part of something bigger. I wanted to make a difference. A lot of people can become doctors, or lawyers, but I wanted to serve and protect the country that my family lives in. I thought this would be a good way to give back to those who've loved me, raised me and provided me with everything I needed to grow up and be successful. Now I can give back to them by protecting the country that made it all possible."

Below: Quentin Penn.

Will Bland:

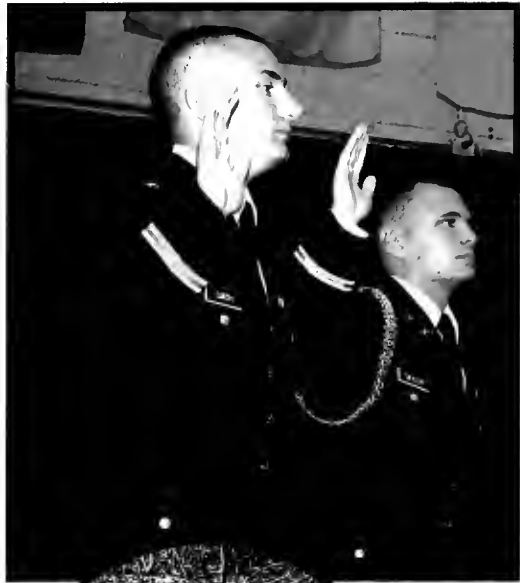

"I'm in the National Guard and ROTC at Union. I did basic training in Fort Jackson, South Carolina. The thing I was most afraid of was the gas chamber. They take a big group of us inside with gas masks on. You start to feel your neck burn from the C.S. gas. When they ask, you have to pull your mask up and say your name and social security number. Then your face starts to burn and it hurts to breathe.

You put your mask back on and clear it to breathe regularly again. Everybody in the room then has to take their mask off and say the Soldier's Creed. It makes your eyes water and your nose run. It wasn't as bad as I thought it was going to be."

Saturday, May 8th 2010 was a doubly historic day for Karl Smith and Thomas Saylor.

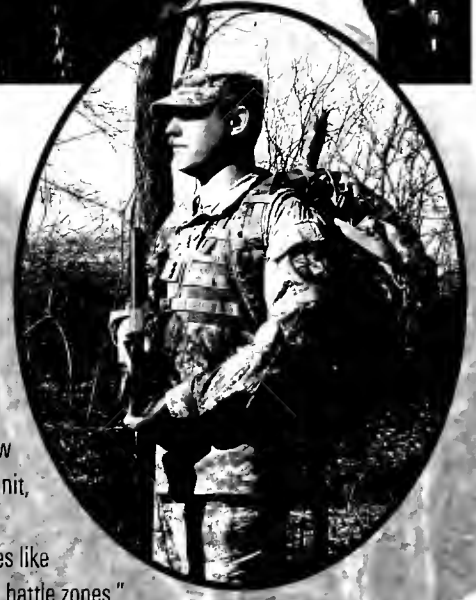

Both graduated (Karl in Human Performance and Thomas in Criminal Justice). Both also became officers in the U.S. Army. Major Clifton Goins carried out the ceremony to commission the men as 2nd Lieutenants. Right: family members pin on Karl's new rank insignia as the crowd stands to cheer.

Left: Thomas Saylor searches Cullen Smith. Cullen is more used to acting in Civil War era movies, but volunteered to play an enemy for this day's exercise. He was taking photographs for the yearbook, many of which are on these pages.

Left, Michael Harris: "I'm going to become an officer in August. I'll be flying a Black Hawk helicopter out of Fort Knox. They have the largest US Army Reserves aviation unit. It takes a year and a half to learn how to fly. I'll be in a medical unit, to evacuate people to TCM hospitals, from out of places like Afghanistan and Iraq, from battle zones."

Right, Jessica Eggers: "One of my friends talked me into joining the Junior ROTC. I did three years in the JROTC Air Force. We did a lot of stuff; I was flown in a single propeller plane with the Civil Air Patrol. When I graduated high school I was the Squadron Commander in charge of 60 cadets. I want to be an Apache helicopter pilot."

Nikki Bistline, tutor and Supplemental Instructor, in September 2009.

Union's football team scores again, and Thomas Saylor and Michael Rice celebrate with one push-up for every point on the scoreboard.

Katarina Marie Sprunk's brother Jared was deployed to Afghanistan. In the far left AP photo he is seen in 23 Golf Company on Aug. 12th, taking Bahaneh. He has returned safely.

Right: Tam Petersen is from Johannesburg, South Africa. "It is very far away, but my mum visits here as often as she can. I came to Union because Coach Forti emailed back faster than anyone else. Other coaches were always replying a week later. I love traveling. I wanted the experience.

I was bitten by an emu in Australia! I'm sick of people asking me if we have TV in Africa, and 'why are you white?' I reply 'I'm black on the inside.' I was once asked 'do you have movie theaters?' Hearing I was from South Africa, another person asked me 'Do you have animals on your street?' I said 'no, we have cars and shopping centers...'"

Left, Tanya Eustrom: "I was born in the Bahamas. I've heard some odd questions from Americans, too. I have been asked: 'Do you wear hula skirts?' 'Do you ride horses?' 'Do you have cars?' 'Do you live in houses?' 'Are you in the Caribbean?' 'Do you speak English?'"

Tam hates licky dogs, but swims the butterfly very fast.

Union College welcomes students from as far away as Ireland and The Ivory Coast; The Bahamas and Brazil, Sweden and South Africa. What do they think of living here?

Magnus Lundberg, Sweden; Ximena Aguilar, Mexico; Amanda Silva, Brazil; and Rahul Kooner, Canada; all tucking into American food.

International students: It's YoUr Story!

Above: Zach Winn, Canada. Union's male athlete of the year.

Above: February 27th, Estefania Cirigliano, Camila Mendes and Patricia Nardy brought the foods of Brazil and Argentina to the Rotary International Dinner in Corbin. The proceeds went to help the effort to eradicate polio.

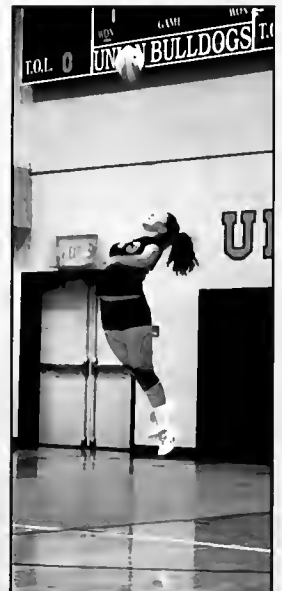

Left: Daniel 'Cool' Kual (playing corn hole with Quintin Borders) really wanted to be on this page!

Right, Amanda Silva, Londrina, Brazil: "I am the only international student on the volleyball team. I started playing when I was ten years old. My father didn't want me to play. It was far away; it took me two bus rides and an hour and a half to get there.

In 2006 I got to South Dakota's National American University. We won the nationals and were undefeated; but the program was ended. Kellen Foganholi was one of my teammates. She became assistant coach at Union last year, so I transferred here.

It was different; I used to have six Brazilian teammates. The way we play is different: the plays, the strategies, the pace of the game, and I spoke Portuguese on court. This year has been a good experience. I'm the libero. I enjoy doing jump serves."

April 6th: the swimmers borrow a ball from the volleyball team to have some fun on the sand court near Lakeside... But ODOPS! It hits the water.

Paschal Glavinos and David Johnson try to help: "Go, get it, Bert! Go swim! Go get the ball!" He won't do it: "No! No, I won't swim in here!"

The ball was lost. While he may be scared of swimming with submerged cars, fish, dangerous debris and abandoned furniture, Roberto "Bert" Bertholo Jr. does play a mean guitar.

Andressa Coelho, having fun way too much. Right: at Commencement, with Patricia Nardy and Alessandra Tavoloni.

Right: Johnny Sutton and Dan Johnson of England, plus Habib Sanogo of Côte d'Ivoire.

Right: Magnus Lundberg scooped four of the prizes on Honors Day. When he picked up the Steve Jones Memorial Award Dr. Larry Inkster got a little carried away!

Left and right: Something about being interviewed by Steve "the Irishman" O'Donoghue has the French in stitches.

Pierre Vernin:

"In France you cannot play tennis at a high level and continue your education. I just came here by accident, through the same recruiter organization as Aurélie. The coach thought I looked good for the Union tennis team.

It was a good step for me.

People here are very friendly. My teammates are very cool, we have good team bonding. I didn't speak English very well, but we have small classes and people help me a lot. I major in athletic training and I want to be a physical therapist in France.

My favorite thing in America is the parties. People are cool and they really know how to enjoy themselves. The worst thing is the food. I'm already getting fat. I was super happy when I got here. There's not much fast food in France, but here it's everywhere. I'm getting tired of it, and I miss my traditional French food."

Aurélie Harcoët:

"I am French; I'd never been in America before. I came to California a year and a half ago through an agency. It's my first semester here, I arrived in January. I've not been home in 9 months; I go home in the summer.

Barbourville is very different from California. There I was 30 minutes from the beach. Here it is always raining. A bit!" (She laughs)

"I've learned the rules of baseball and football. In football there's so many tactics. I once watched a professional baseball game in California. I love rugby.

I don't get homesick, I have a boyfriend now; but still I can't wait to go back. I miss French food, crepes, cheese and regular vegetables."

# Commuters...

## Heading down the highway

"I commute because I am a single mom who has to live off campus. I would rather live off campus anyway, though, because I like my privacy and I have a studio for my art work"

Barbara Jackson

"I drive from Corbin. I appreciate the convenience of Union's location. Some of the downfalls of being a commuter are that most events are directed for the 'on campus' students, during inclement weather the notifications are not easily accessible (particularly if my internet and/or TV are down)."

Tamara Malloy

Habib Sonogo says "Love the commute and the people are very friendly."

Sadeek Sonogo says "I'm the Big D on ATL by way of the Ivory Coast--lovin' some Barbourville."

"I commute because I'm married. LOL!!"

Natasha Wyrick

"With a family, it is difficult to live on campus. Commuting allows us to have a somewhat normal family life during the hectic day to day of college."

Shauna

"I live off campus to save money and to have my own room."

Chelsi Walls

# Looking for adventure Wherever they go...

"I like commuting because I have a family and I am not a traditional student. And it is cheaper to live off campus. But I don't like the parking."

Amy Mills

Commuters at Union come in many different forms--traditional and nontraditional, male and female, young and old alike, working, not working, with children and without, from the county over to students from the Ivory Coast of Africa and from every major. Some commuters walk to campus while others drive up to 3 hours one way.

come to  
URVILLE  
me of  
**ION  
LEGE**  
st. 1879

"I love to commute because I can still live at home."

Jennifer Hubbard

"I love the idea of living at home and still being close enough where I can walk and still make it to class on time."

Thomas Hamilton

"The best thing about being a commuter is that you have more privacy, more space to keep your stuff organized, you can cook, you can have people at your house any time..."

Patricia Nardy

"It's a short commute, and it's nice living in a house with a full kitchen. Also, it is nice to get away from campus for a little bit."

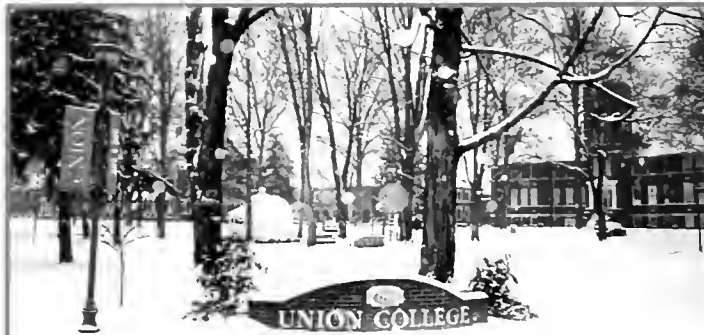

Capri Savage

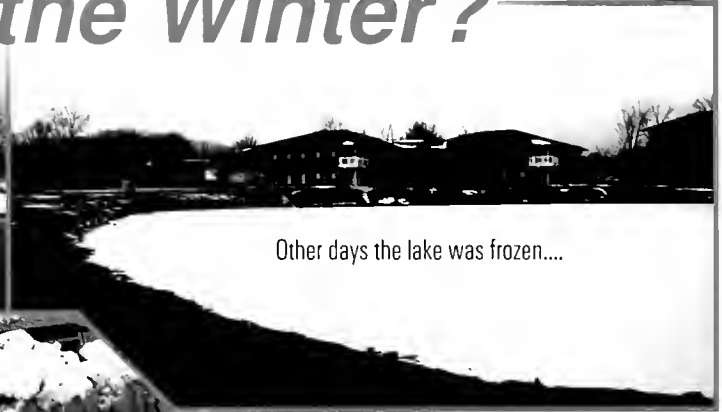

"I love commuting because.... my wife wouldn't like me living in the dorm without her. :)"

Jeremiah Back

# Did *U* Like the Winter?

For years Kentucky and Union had experienced mild winters, with just a dusting of snow for a few days here and there.

This year the winter decided to stay. People were left shivering all the way into Spring Break. We forgot what sunlight felt like...

Below, Tim walking his dog Princess Saun Jers.

People celebrate having their classes cancelled!

People returning from Spring Break saw snow blizzards in the hills.

Two weeks later on April 6th, and the same spot looks SO different!

# Women's Soccer

Back row: Camila Mendes (Assistant Coach), Heather Jaques (Student Assistant), Kristina Kirk, Marcela Salum, Chelsi Walls, Olivia Brock, Jason Lanham (Head Coach)

Second row: Patricia Nardy, Stephanie Cagle, Kelsey Gregory, Danielle Gilbert, Casey Camargo, Jenn Sckirl, Renata Peixoto, Ashley Bennett

Front row: Jessica Florence, Ariel White, Amy Vallandingham, Ashley Hall, Jessica Courter, Katarina Sprunk, Jessica Brandner, Hannah Goins

Even before the year began Union College was selected as the preseason favorite to win the 2009 Appalachian Athletic Conference women's soccer championship as the league's coaches poll was announced by the organization. Union garnered three first-place votes and a total of 34 points. Union College opened the 2009 season with a 14-0 shutout victory over visiting Tennessee Temple University on the opening day of the Lady Bulldog Soccer Classic. In the victory, a trio of Lady Bulldogs posted hat tricks.

Union boasted a great season with many wins. As a team they were the AAC Regular-Season Champions, the AAC Tournament Champions, and made it to the first-round of Nationals. Individual awards include: Jason Lanham > NSCAA East Coast Region Coach of the Year, AAC Coach of the Year; Marcela Salum > AAC Player of the Year, AAC Offensive Player of the Year, NAIA All-American - Third Team, Women's Soccer - Offensive Player of the Week (Sept. 21, 2009 & Oct. 05, 2009); Patricia Nardy > AAC Defensive Player of the Year, NAIA All-American - Honorable Mention, Women's Soccer - Defensive Player of the Week (Sept. 21, 2009 & Oct. 05, 2009); Ashley Hall > AAC Golden Boot, Women's Soccer - Offensive Player of the Week (Oct. 26, 2009); and Nikki Jeck > Women's Soccer - Offensive Player of the Week (Nov. 02, 2009). Below members of Union's team are included on some of the All-Conference and national squads.

#### All-Conference First Team

**T**his year was a milestone for the Union Men's Soccer Program. The Bulldogs finished in third place in the Appalachian Athletic Conference, their best finish since their inception into the AAC in 2002. With a record of 10 wins, 5 losses, and 4 ties, the Bulldogs secured their third consecutive 10-win season. Continuing to prove Union is a tough place for opponents to play, the Bulldogs reopened Bulldog Field this season after a year-long absence with a strong win against Georgetown College and went 6-3-1 at home this season. The Bulldogs proved they could contend with the best in the country when they defeated #22 Milligan College with a fantastic 1-0 overtime win. This year's team was loaded with talent from all classes, as senior captain Danny Bartlett, and junior captains Jon Shaw (goalkeeper) and Jon Sutton (midfielder) led the Bulldogs with incredible play and vocal leadership. Shaw had another strong year in goal for the Bulldogs, coming away with his second NAIA Player-of-the-Week Award to add to last year's award. Freshmen Chris Elliott (midfielder) and Dominic Scheele (forward) came in and gave the Bulldogs strong attacking options immediately. Sophomore Chris Riley (midfielder) continued to be a mainstay in the Bulldog lineup. Junior Aaron Miller (defender) once again anchored the backline for much of the season. The efforts of the team did not go unnoticed as 7 players landed on the AAC All-Conference team. The team's efforts were apparent outside of the soccer pitch as well, as 6 players made the AAC Academic All-Conference team. Bartlett and senior goalkeeper Nathan Koebcke earned NAIA Academic-All American Awards. This is Bartlett's first All-American award, while Koebcke earned his second to go along with his 2008 award. Head Coach Tyler Brock is looking forward to the 2010 season, "With only a few players graduating, there is no reason 2010 shouldn't be an ever better season than this last one. We have added some quality players to our roster and there is no reason we shouldn't be contending for a trip to the national tournament in 2010." Coach Brock also spoke very highly of this year's seniors, "Our seniors have done a tremendous job of helping to build this program into one that they can be proud of, and one that is now better than when they came in as freshman. They are now ready to pass the torch to a group of players who will continue to improve the program and take it to new heights." Assistant Coach Ike Onyeardor echoes "Our players are excited about what this program is capable of doing, and the players are working harder than ever to achieve some very high goals next year." With several players playing semi-professional soccer this summer and everyone working hard towards next year, 2010 will be a very special year for the Union Men's Soccer Team.

## Tahoe Nationals 2009

Collegiate Mountain Bike Nationals were held at Northstar-At-Tahoe in Truckee, California. Union had a great weekend scoring nine individual podium finishes (two from Greg Gibson, three from Zach Winn, four from Rachel Millsop). Zach Winn made it to the top as he won the overall Omnium. All of the racer's hard work contributed to make a second place finish.

## Offensive Player of The Year MSC #71

-Union College junior offensive lineman Quintin Borders earned Mid-South Conference Offensive Player of the Year for the 2009 - 2010 season. Borders (Lexington, Ky.) is the first offensive lineman in MSC history to receive this award and is the second Bulldog in three years to win it. Joey Waters earned the award in 2007.

### Quintin "Big Q" Borders

It is truly an honor to be considered as one of the best in the conference, but to win Offensive Player of the year is a dream come true.

Khambrel Simpkins

Michael Gold

Elisee Pompilus

This year had its ups and downs, but this was a great experience and I had fun. Being a senior and a captain was important to me knowing that my teammates looked up to me.

Christina performs yet another perfect pass in a game against King College.

Chelsea Kirschman winds up to put the ball away.

What a year for the Lady Bulldog Volleyball team! Along with individual national honors and multiple conference athletic and academic awards, the women went on to finish their 29-5 run (the second highest wins record in program history) as Appalachian Athletic Conference Champions in tournament and regular season.

This is the second time Union has taken the regular season championship. It is the first time in program history that our volleyball team has won the ACC Tournament Championship and won a berth to the NAIA National Tournament.

In the 2009-2010 season Union volleyball exceeded all other records in program history with a .853 winning percentage; the previous best being a .703 in 2003. At one point the team went on a 15 match winning streak. Whitney Elam can now claim a .771 winning percentage in the last two years as head coach of the Lady Bulldogs.

The Union College volleyball team lunges forward with anticipation to their next season where they will look to reach even higher. The bar has been set ladies. Good luck!

Right: Lauren hits the floor for a short tip from the other team.

"Never underestimate the power of passion."  
- Eve Sawyer

She flies through the air with the greatest of ease....

"I really already miss the team; we became a family over the years. Playing volleyball brought me some of the best memories of my life and I definitely will miss all of it! I hope we stay in touch."

- Autumn Combs

"Play each game as if it were your last.' It's been a great four years and I will miss it!"

- Brooke Vinovich

"When you want what you've never had, you must do what you've never done.' Our team proved that we could do that this year and won ourselves a conference championship!"

- Christina Prindle

"Not everyone can say they are the most-winningest class for their sport. Only Meg, Brooke, Tina, Auti and I can for volleyball. It's a pretty neat thing."

- Sarah Alderson

"Volleyball meant a lot to me. It shaped me as the person I am today.

I met a lot of great friends who became my family; I don't think I would have been able to make it through without such great family support.

"Winners never quit and quitters never win."

- Meg Donnelly

Left to right, back row: Assistant Coach Ashtyn Humerickhouse, Lauren McMillan, Chelsea Kirschman, Courtney Compton, Hollie Hopkins, Amelia Cantrell, Caitly Merritt\*, Brooke Vinovich, Megan Mazurek, Autumn Combs, Head Coach Whitney Elam.  
Second row: Monica Moreland, Chelsea Root, Amanda Silva, Erin Porter, Meg Donnelly, Alyssa Gonzales, Maddie Peterson, Gabby Berini\*, Sarah Alderson.

Front row: Brooke Porter, Christina Prindle, Makenzie Prichard, Nicole Bistline, Katie Harris, Lesley Isaacs, Sarah McKinney\*, Cailin Cornett, Jessica Eggers.

\* Denotes redshirt.

Nikki Bistline, a junior and a member of multiple organizations on campus, is shown above at the beginning of the Think Pink game, on October 29. She was able to stand and wave to the crowd after a miraculous comeback from a near-fatal motorcycle accident in September. It was an emotional time for many of her teammates and everyone was happy to see her back.

!

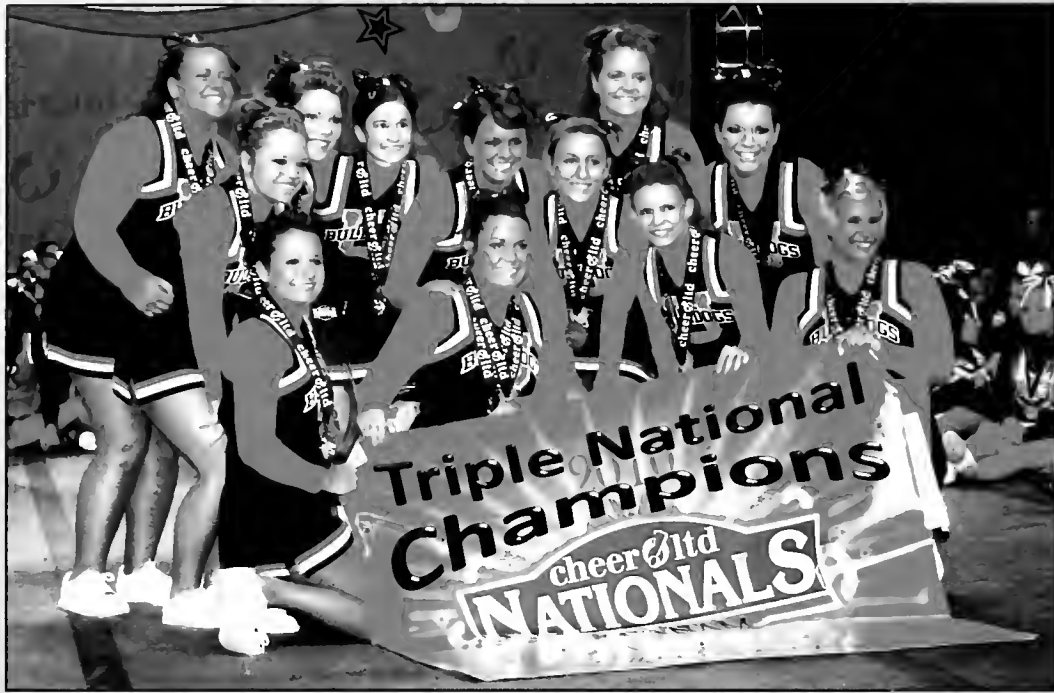

Best defense in the AAC... at least, we like to think so.

After their insanely successful season, the Lady Bulldogs will be losing five seniors. These wonderful ladies will be missed on and off the court. Not many classes of athletes can say they have more wins under their belt than any other team in program history. Congratulations to the 2009-2010 seniors on a successful four years and good luck in the many years to come!

# Bulldog Basketball

Back Row: Clinton Dixon, Josh Hurd, Randy Carter, Brett Miller, Dan Penick, James Johnson

Middle Row: Team Manager Ray West, Kearney Demus, Assistant Coach Kyle Mendenhall, Head Coach Sean Gillespie, Assistant Coach Matt Taylor, Beau Brown, Student Assistant Bill Davis

Front Row: Tino Washington, Shawn Hadley, Jerome Carmichael, Darrel Jackson, Nathan Beckley, Antonio Murry, Payton Ponzer

Not in team picture: Ihsan Phillips, Curtis Stephens, Anthony Coate

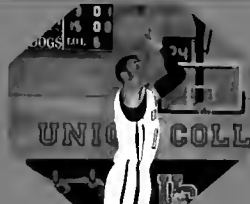

If we were to give the season a title, it would probably be titled, "The Perfect Storm." This season certainly had its share of ups and downs. Coach Sean Gillespie began his first season with the Bulldogs mid-summer. "It was our goal from the beginning to meet or talk with each of the players on the roster." There were several players coming back but there were quite a few new players who were added to the Bulldog roster. For most of the first half of the season the Bulldogs were trying to figure each other out as the coaching staff was gaining a better understanding of what the program had. From the first day in conditioning to the last day of the season there were many challenges and obstacles the basketball program faced. At one point in the season the Bulldog's record was 8-10 and the prospects of a good season were looking pretty dim. The team decided to put the early season turmoil behind and push towards the conference championship. From that point on there began a process of improvement that saw them go on a 12-3 run over their last 15 games to finish 1st in the conference for the regular season and get all the way to the Appalachian Athletic Conference Championship game and a last second tip in away from a National Tournament berth for the first time in 41 years. There were many factors that led to the late season run....new players at Christmas, improved play, players getting used to system, seniors leading the team, etc. But the main factor in the late season surge can be attributed to the guys growing closer together and believing in themselves as well as each other. The coaching staff got to watch and see how a group of individuals became one unit.

## SENIORS

Curtis Stephens

"I couldn't ask for a better group of brothers to play with to finish out my college career of basketball."

Kearney Demus

"My senior season was crazy. We started off so slow but ended up 1 point short of a ring!"

Beau Brown

"Playing ball for Union has been great. As a team, we've grown so close and accomplished so much."

Clinton Dixon

"When I first started playing at Union we were individuals. Now we're family and it's made a real difference on the court."

Randy Carter

"White squad ain't weee!"

J. Johnson dribbles past Tennessee Wesleyan's defense

J. Hurd gives a strong block to Bluefield

Virginia Intermont is no competition for S. Hadley

D. Penick outdoes Byran College

K. Demus goes in for a DUNK!!!

Stephens is the from field

P. Ponzer dominates the court

J. Hurd takes a shot against Kentucky Christian

D. Jackson is unstoppable!

K. Demus soars above Milligan

There's no stopping J. Carmichael

C. Stephens keeps the ball close

J. Johnson shoots a lay-up

B. Brown fights past Kentucky Christian

Cincinnati Christian can't keep up with J. Carmichael

I. Phillips shoots a basket against Tennessee Wesleyan

P. Ponzer shows no mercy against UVA-Wise

B. Brown can't be stopped!

N. Beckley plays strong offense against Milligan

R. Carter goes in for a basket against Indiana University Southeast

A. Coote dribbles down the court

C. Dixon looks for an open teammate

D. Jackson races down the court

# The Lady Dogs Pave the Way

 Front Row: Kara Pile, Jennifer Johnson, Kathryn Clark, Jessica Baker, Nikki Jeck, Carley Blankenship, Natalie Stone, Cassandra Lawson, Laura Perkins, Tara Tucker Jones, Maisie Insko

SENIORS

## A Century and Counting...

### Did you know...?

Union College has a rich, long tradition in intercollegiate athletics, one that goes much further and deeper than the casual observer might realize. For instance, did you know that the first known athletic team appeared on the Union campus in 1905 and it was in the form of a women's basketball team? It's true. Shortly after, football, baseball, men's basketball and tennis followed, but women's basketball was the first organized squad at Union College.

**#2 Tara Tucker**  
 2008-09 Highlights  
 Played in five games ... Averaged 1.00 points and 1.00 rebounds per game ... Had 1 steal ... Scored season-high three points against Milligan (Tenn.) on Jan. 31, 2009 ...

## Men's and Women's Golf

Josh Dyer  
Lexington, Ky.

Tiffany Willis  
Berea, Ky.

Kara Pile  
Fairdale, Ky.

Below: Assistant Coach Sam Lee cooking steak for the winning team after the steak and beans tournament.

Top row, left to right: Ben Schneider, David Oldham, Matthew Cupp, Derrick Herron, Joshua Goddard, Jake Woodall, Adam LaTulippe, & Austin Barber. Middle row: Head Coach Eric Wyrick, Josh Jones, Jordan Hogue, Anthony Carruba, Josh Dyer, Daniel Greene, & Assistant Coach Sam Lee. Bottom row: Jessica Hensley, Kara Pile, Tiffany Taylor, Tiffany Willis, Nicole Miller, Danielle Hardin, Amanda Hale, Ashley Buxton, & Katie Horn. Inserts above: Magnus Lundberg & Kalyln Metz.

Above: Coach Wyrick giving advice to Ashley Buxton at the Bill Sergent Invitational, Crooked Creek Golf Club - London, Ky.

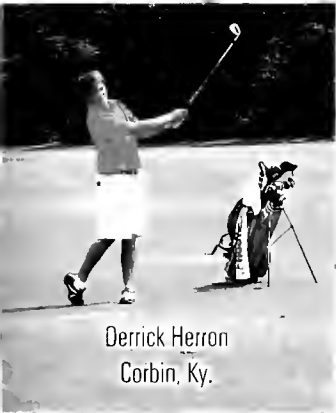

Kalyln Metz  
Winchester, Ky.

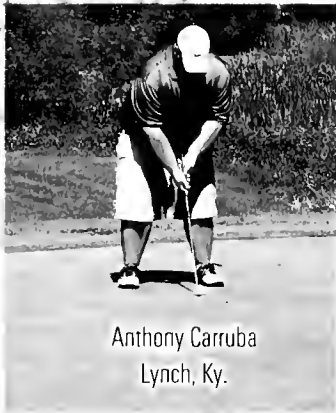

Jake Woodall  
Mt. Vernon, Ky.

"Golf is deceptively simple and endlessly complicated; it satisfies the soul and frustrates the intellect. It is at the same time rewarding and maddening - and it is without a doubt the greatest game mankind has ever invented." Arnold Palmer

Derrick Herron  
Corbin, Ky.

Anthony Carruba  
Lynch, Ky.

The Women's team played in 10 tournaments throughout the year and won 5 of them - a very successful season. The team went on to win the 2010 Appalachian Athletic Conference Tournament but narrowly missed the bid to the NAIA Women's Golf National Championship Tournament.

Danielle Hardin  
Corbin, Ky.

The Men's team played in 10 tournaments, generally 2 day 36 hole total games

Above: Danielle Hardin, Nikki Miller, and Katie Horn practicing at the driving range with the help of Assistant Coach Sam Lee.

Right - Tiffany Taylor, winner of the Most Improved co-curricular award: "Even though we've had our problems in the past... we've put it behind us and have been able to move on and achieve the goal we all strived for." (Talking about winning the AAC tournament)

Ashley Buxton  
Defiance, Ohio

Right: Coach Wyrick with Adam LaTulippe.

# Seniors

## Magnus Lundberg

Stockholm, Sweden.  
Been with the team 4 years.  
2009- helped lead the Bulldogs to AAC Regular Season and Tournament Champions.

Magnus never wanted to give us a quote for here, so we'll just congratulate him on his 4.0 GPA instead!

## Adam LaTulippe

Hamilton, OH  
Played for Union for 4 years.  
2008- earned All-AAC honors.  
2009- AAC All Conference team member, AAC All-Tournament Team honors.  
and helped lead the Bulldogs to the AAC Regular Season and Tournament championships.

Adam LaTulippe, winner of the co-curricular Bulldog award.  
"My four years playing at Union have been a journey. There's been peaks and valleys, but I always seem to come out of any situation with something gained and something learned. The journey is over now, and I will take all my experience gained and apply it to what lies ahead."

# It's the U in Union that makes the swim...

Back row, left to right: Asst. Coach William Breehl, Luis Ambrosio Filho, Louis "Paschal" Glavinos Jr., Bradley Hobbs, David Johnson, Jeremiah Back, Ryan Adams, Roberto Bertholo, Jr., Coach Rafael Forti.  
 Front row: Dena Gonzalez, Tamsin Petersen, Christen Havens, Whitley Dierig, Molly Filtro, Kasey McCormick, Mollie Messmer, Kristina Kirk, Tanya Eustrom, Corini Thrasher, and Kelli Rogers.

## Nationals

**S**t. Louis, MO was an amazing showdown. We broke records: team records, individual records, school records! There were great results for all the swimmers at Nationals. The Bulldogs were up there with the big DOGS.

**M**olly Fittro, who swam 1650 freestyle (5th) and 200 freestyle (6th) and David Johnson, who swam the 50 freestyle (4th) became All Americans, among the top 5 swimmers in these events.

**T**he Bulldogs swam well and fast, beating personal best times and beyond national cuts this season. They look forward to the next year for a faster season as new recruits come in with even more motivation and talent.

## Seniors

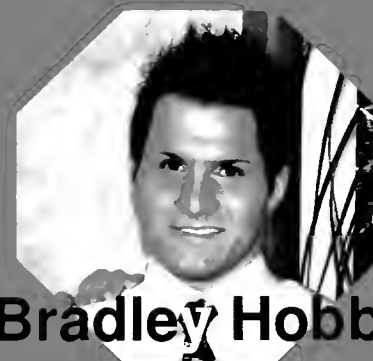

**Karl Smith**

He was a part of two NAIA Swimming and Diving National Championship relay teams; 200 medley relay (11th place) and 200 freestyle relay (10th place). Was on four Union College record-setting relay teams; 200 freestyle, 400 freestyle, 800 freestyle and 200 medley relay.

**Mollie Messner**

"It's tough to make it through 4 years of being a college athlete and student. But in the end when you are able to look back on it and see where you have come, that's a major accomplishment."

**Bradley Hobbs**

"Being a student at Union College was a great success for me and my family; I was a first generation college student. This was a hard course in life which was the best. I am glad I finished what I started!"

# Diamonds are Forever

Back row, left to right: Ali Blauser, Jessi Dunning, Ashlee Bertsch, Lyla Blauser (Assistant Coach), Danny Fish (Head Coach), Missy Roberts, Britani Fisher, Ashley Tatman, Abby Sears, Bethany Rogers.  
Front row: Jennifer Burke, Nicole Aikens, Autumn Greenwell, Lee Davis, Bethany Outland, Sarah Driver, Christi Day, Morgan Brown, Gina Loflin.

The Union College softball program took home eight All-Conference nods as the Appalachian Athletic Conference announced its awards for the 2010 season.

Earning AAC All-Conference honors for pitching was senior Sarah Driver (Hopkinsville, Ky.). This is the third time she has been named to the All-AAC team. During the season, Driver has amassed a 12-7 record in 19 starts, while compiling a team low 1.81 ERA to go with her 115 strikeouts in just over 127 innings pitched.

Also earning the All-Conference nod at catcher was junior Gina Loflin (Salisbury, N.C.). Loflin earns the honor in just her first season of action in the AAC. For the 2010 campaign, she carries a batting average of .358, leads the team with 26 runs scored and is tied for the team lead in RBI's with 28. Loflin has also been a model of consistency, starting every game this season (36) behind the plate for the Lady Bulldogs.

Taking home the All-Conference and All-Academic nod at first base was senior Bethany Outland (Hopkinsville, Ky.). The award is the second straight All-Conference team honor for Outland, while the All-Academic honor is the first such honor in her

career. In 2010, Outland has amassed a career high .364 batting average while driving in 15 Lady Bulldogs on the season. Starting all 36 games at the corner position, she earned a fielding percentage of .991, the highest of any Lady Bulldog in 2010.

Earning the last of the four All-Conference honors, at the Utility position, was sophomore Abby Sears (London, Ky.). The All-Conference honor is her second straight All-Conference selection. On the season she carries a team high .387 batting average while also leading the team in homeruns (5), is tied for the team lead in RBI's (28) and leads the team in slugging percentage at .575. Sears started in every game on the campaign, splitting the 36 starts between right field, third base and the pitching circle.

Also receiving conference honors were Jennifer Burke (Ewing, Va.), Lee Davis (Lexington, Ky.) and Christie Day (Outfield) as all three players were named to the 2010 AAC All-Academic team.

Davis has played and started at second base in 27 games on the year. So far in her senior season, Davis has amassed a .307 batting average to go along with her .413 slugging percentage.

Jennifer Burke has seen action in 17 games, starting in two of those contests, while Christie Day has made four starts on the year and has seen action in 15 games in the outfield.

## 2010 AAC Tournament

The team went to the NAIA World Series--lost in game 3 of pool play.

| Date   | Opponent              | Win/Loss  |

Right: Andrew Abner (Barbourville, Ky.) joined Lucas Oliveira (Rio de Janero, Brazil) for an 8-2 doubles win over a pair from Hastings College.

Above: Pierre Vernin, Head Coach Daniel Finn and Nicolas Ernst. Finn won AAC Coach of the Year. The players won the 2009 Bulldog Bash Men's Doubles division. Ernst also made it to the singles final. Vernin made the semifinals. Vernin, Ernst and Bartos Micher made the All-AAC First Team.

Nicolas Ernst (Rietheim, Germany), AAC Player of the Year, gets spectacular rotation on his forehand.

## New Blood

Union had been a huge force in tennis for years, but that generation is gone, along with their head coach. Only one male player, Alvaro Vargas, returned. With Nikki Bistline injured, only one female player, Ximena Aguilar, returned. Could a new coach build fresh teams and find any success?

Above: Ximena Aguilar is hard to lob. On one side she'll hit you with a left-handed jumping smash, on the other she's got a very good backhand overhead.

"Well it was a pretty different year on the court and outside of it. With new people and a new coach it is not easy. However, we are getting closer as a team and all the effort from coaches has been helpful to raise the tennis team."

Above: Alvaro Vargas, ready to pounce.

Above: Roscoe gives tactical advice between games.

Below: Kacey Jo Bargo, Elizabeth Earick, Christina Prindle, Aurélie Hascoet and Makenzie Prichard.

Below: Aurélie, AAC Player of the Year.

Kyle Shilling.

Above, from left to right: Daniel Finn (Head Coach), Elizabeth Earick, Christina Prindle, Kacee Jo Bargo, Makenzie Prichard, Aurélie Hascoët, Ximena Aguilar, and Roscoe Moonieyan (Assistant Coach). Nikki Bistline (right) was a redshirt this season.

Above: The vocal, tenacious Lucas Oliveira.

May Donnelly

Lesley Isaacs

Eden Ellison, Jamie VanCleave

**T**his summer Eden Ellison and Jamie VanCleave traveled south to the Republic of Haiti. They traveled through a program known as the Alliance of Students Against Poverty (ASAP). ASAP is a non-profit global campaign working against poverty throughout the world. The program allows students to travel to underprivileged areas of the world and share their ideas, talents, and aid. The students survey the region, determine what the area needs, what the people are most in need of, and decide what project they will attempt with the money they have. Groups of students are sent each year to help make a difference. The program goes above and beyond what is expected. They not only help out people around the world, but they are educating students and preparing them as leaders of America.

Eden Ellison, Jamie VanCleave  
 "It was great to be a part of something so amazing. We were able to help people and make a difference. We worked with many different people. It united us as students for a common goal," Eden Ellison

Sarah Alderson, Cailin Cornett, Christina Prindle, Nicole Bistline, Stephanie Pateman, Meg Donnelly, Suzannah Behnke, Lesley Isaacs, Courtney Compton, Jess Gonzalez, Autumn Grant, Marissa Cooper, Whitney McKinn, Brooke Vinovich

**T**he Union volleyball team traveled to the country of Nicaragua summer 2009. The whole team was not required to attend the trip, only the players who wanted to go. The team stayed for a week and participated in several activities while there. They traveled from Managua, to San Juan Del Sur, to Granada, and back to Managua. There were several games scheduled against the Nicaragua National Team, where Union and the team competed at various locations. The team made several donations to various places around the country as well as going to an orphanage, several schools, a women's shelter, and other areas in need.

Courtney Dim, Jess Gonzalez  
 "It was a crazy experience. We only knew I never been out of the country, but I've never even taken a plane."

Habib Sanogo, Sideek Sanogo  
 "I was happy to be home, but the fact that I was helping and giving to a good cause was the best part." - Sideek Sanogo

Brooke Vinovich  
 "Back in America I definitely enjoyed ice cubes and iced drinks. Down there they're not here."

**S**ideek and Habib Sanogo traveled home this summer to the Ivory Coast in West Africa, through the Bonner program here at Union. The Bonner Scholars Program is a four-year community service scholarship. It serves the purpose of creating prepared and dedicated volunteer leaders, and allowing them to serve their community. The students reach far as they attempt to serve outside the community. Each student is allotted money for two summers of service. This allowed Habib and Sideek to go home to make a difference in their own country. La Croix Bleue (Blue Cross) is the facility they helped out; it is located in the same neighborhood they grew up in, only down the street. Many of the patients had mental disabilities or drug dependencies. Sideek and Habib were able to help take care of the patients. They checked their blood pressure, helped them take their medication, and reported anything new to the assistants. They stayed there for one month and worked from 8:00am to 5:00pm on a daily basis.

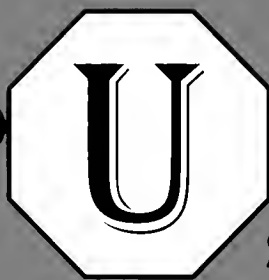

Habib Sanogo, Sideek Sanogo  
 "As children we were always scared of the place, and the people, and it was amazing to come back as an adult and benefit the people that were there." - Habib Sanogo

IT'S

STORY

ORIENTATION '09  
TURN IT ON,  
LEAVE IT ON!

**U** must start your career at Union College by going through Orientation. Union had four orientations during the summer: May 16th, June 20th, July 11th and July 26th. They also provide an orientation for international students as well as transfer students. The Student Ambassadors work very hard to prepare for the event; they come in on Thursday, arrive at 5:30 AM on Saturday and by 6 AM are spread across campus waiting for the arrival of all the potential students. The experience of orientation is enjoyed by everyone including parents. Activities include games such as birdie on a perch and train wreck, prizes, a tour of Barbourville, and dancing!

# Welcome Weekend

Chadler, getting the volume of the house, continues to go at the talent show while he sings.

Freshmen and underclassmen also watch as their fellow classmates perform in the talent show.

Right: Yvelise Zeteno catches the audience with her singing abilities as she sings a gospel song during the talent show.

Below: Felicia Foster and others on her team enjoy watching a round of flag football as they wait their turn to show the other teams what they're made of.

Grant and Collin Scheidt, walking for the first time, are glad to see one of the volunteers working the event.

**Welcome Weekend was full of activities for freshmen to participate in including a talent show, dating game, and a Road Rules challenge.**

"It was a good way to get to know people and I really enjoyed it." *Brittany Callahan*

Engle, Ryan Delmont, and Holden Moyano have to be quick as they make their way across the football field to stop at a time.

"I loved Welcome Weekend. Meeting new guys and good friends along with having an epic water fight, it was literally the best." *Kara Lundy*

Being dubbed the "lazy ones" by their team, Tanika Meredith and Haubha Griffin watch as their teammates work to score the touchdowns in the eleven picture.

"Although it was a long weekend, and I decided at first, the experience was life changing as I was welcomed to my home away from home!" *Tara Epling*

# CIRCLES

It is a tradition for freshmen to participate in CIRCLES at Union College to welcome the academic year.

Each letter represents one of Union's core values students will learn throughout their time here at Union.

Responsible Leadership

# Daniel Boone Festival

Originally started by a professor at Union College, later handed over to the city of Barbourville, the Daniel Boone Festival has been held annually for the past 62 years. Still serving the purpose to better unite Union College and the community, the festival has always been a time for the faculty, staff and students and members of the community to enjoy good times with old and new friends, great food, and loads of fun.

"The DBF is a great place to hang around with friends," says Ashley Brown.

Throughout the course of each day Union College students who participate in the Bonners organization take their past at Fort Union in the town square. In the rare instances that there happens to be down time for these guys, one can get the occasional candid shot of them playing "fort" and protecting what is theirs.

Keeping a culture and past alive, Native Americans come from near and far to show the community of Barbourville the ancient traditions and culture that once settled these great valleys and mountains that we call home today. Performing dances and selling merchandise to all those who are interested in learning about the past.

Starting in the 2009 Daniel Boone Parade was Union's own rare sight.

Every year the allure of the bright and blinking lights, games of every description, and multiple rides for all ages are a sure sign of the fun to be had at the Daniel Boone Festival.

Lesha Howitt: The Daniel Boone Festival was fun. It's been in the square since it was founded to reflect the pioneering days. They have booths that look like cabins and Indians dancing. The food is a good treat and I can't wait to see next year.

Showing that he cares and wants to help out his school, Michael Privet has taken something from the top of the Bonners organization and has at the festival. "I love the festival atmosphere on the square and the way Union participates," Michael Privet.

Famous bean of Chicago.

# Alternative Fall Break

Beautiful Chicago skyline

This was the scene at one of the restaurants the group went to. It was the waiter's job to treat you horribly and to dance on an elevated stage when a bell rang.

Back row: Christopher Osborne, Ashley Gattis, Jacob Mills, Cody Thompson, Stephen O'Donoghue, Ashley Quinton, Gabrielle Mellendorf

Front row: Katelyn (Justice) Monhollen, Rev. David Miller, Rebecca Kiskaden, Krystal Webb

Ashley Quinton

"I wanted to go to Chicago to experience the big city. I'd never been to a place like that, and I had seen many travel shows and food network series that showcase Chicago's famous pizza, and hot dogs. While I was in Chicago, I got to experience both of those, and when I think of Chicago, my mouth begins to water. I really liked how open and diverse the city was as well. My favorite thing in the city was an encased meat product on a poppy seed bun at Downtown Dogs, and it was deeeeeeeeeelicious. Piled high with all kinds of yummy toppings. I wish they would mail me one. I'm not sure it would arrive safely though."

This year the Alternative Fall Break destination was Chicago. A group of faculty, staff and students went to volunteer first, and then to have fun and enjoy all that Chicago had to offer. Some of the activities on the trip included seeing the city, helping at a nursing facility, and trying some of the famous Chicago deep dish style pizza.

The group takes a quick break in the Hershey shop cafe.

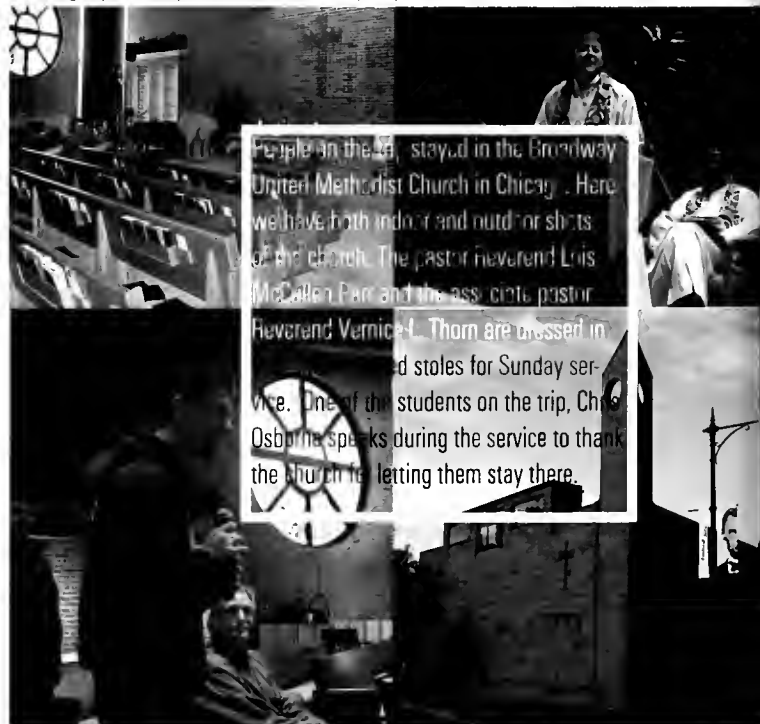

Stephen O'Donoghue

"On our service day we visited the residents of a Jewish retirement facility, run by CJE Senior Life. I spoke to several of the people living there. This lady, Sheila, was the most remarkable. She was over 90 years old. She talked about seeing the days of prohibition and Al Capone's liquor wars in the 30s. She'd seen the war years, and the 60s, when Civil Rights protests rocked the city. She lived through all those decades of the 20th century that I'd only studied as history. It was an amazing conversation."

During some free time students on the trip decide to play games. Above the girls play a "Twilight" game while below some of the others play a game of RISK.

People on the trip stayed in the Broadway United Methodist Church in Chicago. Here we have both indoor and outdoor shots of the church. The pastor Reverend Lois McCallen Parr and the associate pastor Reverend Vernice L. Thorn are dressed in stoles for Sunday service. One of the students on the trip, Christopher Osborne speaks during the service to thank the church for letting them stay there.

# Play On!

On October 22, 2009, the Union College Theater opened with their fall production, *Play On!* Directed and designed by Union's own Mama, Dr. Pettys, *Play On!* was a comedic whirlwind of hilarious 'mistakes' and excellent acting that left the audience saying, "Wait, was that supposed to happen?"

CLOSING NIGHT OCTOBER 31, 2009

at Dr. R. Pettys, Bethany Broughton, Chelsea O'Connell, Samantha Caldwell, Bethany Hopkins, Pamela Napier, Jason Johnson, Marissa Adams, Krystal Webb, Emily Baker, Joanna Ezell, Elizabeth Jensen, Jennifer Mullins, Chris Adams, Will Marcus, Kenneth Kenny Boyer, Cullen Smith, Aaron Farmer, David Johnson, Angie Armstrong, Ian Saunders, with Stephen O'Donoghue behind the lens.

Jason "Chewie" Johnson, UCT's most veteran student actor, said that the most challenging part about playing Saul and Dr. Forbes in *Play On!* was trying not to crack. "It was a funny show," he said. "Everyone had a hard time not laughing, and thankfully so did the audience."

UCT's Fall production helped Freshman Krystal Webb "find her place" at Union. "Without the theater," she said, "I may never have met the awesome people that made up our cast and crew. Now, they're some of my best friends."

APO Vice President Emily Baker said that, for her, the most challenging thing about being in *Play On!* was knowing which mistakes belonged where. "We did the same play three times, basically, and each time things got a little more out of hand. I definitely loved watching everything fall apart."

## Cast & Crew

# HANGING of the GREENS

December 1, 2009-Conway Boatman Chapel

Dr. James Rubin leads the special music portion of the ceremony as he plays *What Child Is This?* and *Silent Night*.

At key points in the service students brought forward wreaths of holly and ivy, and cedar branches to be placed on the altar.

Aaron McCollum shares a passage from Isaiah chapter 9, speaking of a prophet who declared a child would be born.

Members of the student body, faculty, and staff join in for the singing portion of the ceremony which included *Come, Thou Long Expected Jesus*, *O Come, O Come, Emmanuel*, *I Want to Walk as a Child of the Light*, and *O Come, All Ye Faithful*.

The beginning of the Christmas season kicked off with the traditional Hanging of the Greens service. Faculty, staff, students and members of the community took part in the ceremony. This event explains the religious origins of Christmas decorations. The cedar tree is symbolic of royalty; holly and ivy represent Christ's passion; needles of the pine and fir tree are signs that things last forever; and the Christ candle brings light to our darkness.

In observing the Hanging of the Greens, "It is not so much necessary as it is helpful, it works as an aid to our spirituality. It puts all the evergreens we use into a spiritual context, and reminds us of the spiritual aspect of the season."  
~ Rev. David Miller ~

President de Rosset shares his hospitality with Union's students and faculty at the annual Christmas open house at the President's

President de Rosset greets his guests with a warm handshake.

Christmas has always been the time of year that everyone looks to have family and friends come over to visit. President de Rosset opens his house up to the students so they have a chance to meet the president and his family in a non formal setting. They also enjoy the hors d'oeuvres and punch.

Friend Andy Vallejos and friends are enjoying the festivities of the evening while they get a chance to hang out at the president's house with the first family of Union College.

Ma Henry "This was a great opportunity I met a lot of cool people and just had a good time. The president invited us in like we were old friends that came for a visit."

Amalia Cantrell caught off guard by the ever present Union paparazzi.

# Student Christmas Dinner

"The dinner was wonderful. I felt a little bit weird when I saw my own name on the list. The food was great and the decorations were nice." Adam Vargas.

Students celebrated and enjoyed the Christmas spirit on campus with their friends.

"It's the most wonderful time of the year!"

The annual Christmas dinner was provided to the Union College students at the Milton Cafeteria on December 2nd 2009. It was divided into two different hours to allow all the students a better stay during the fancy dinner. The cafeteria was decorated with a traditional Christmas tree and red garlands, accompanied by Christmas music. The students were in the Christmas spirit during the candlelight dinner.

Ms. Laurel Fralcher, Thomas J. W. Farrell and Ms. Savannah Matthews serving drinks to students.

Union College faculty and staff served food to all the students, some of them were really in the Christmas spirit - wearing Santa Claus hats and other Christmas apparel.

The desserts were quite varied: Chocolate cake, apple pie, cheese cake with red cream, and pecan pie.

Santa and his helpers have certainly been busy this year. With Christmas right around the corner, Santa makes a special visit to Union College.

Union's Common Partners program, an umbrella organization for all community service initiatives at the college, partnered with KGEOC to host the Angel Tree Party on December 4, 2009. Union employees and students sponsored children on the Angel Tree, purchasing and wrapping gifts for each child. At the Angel Tree party on Union's campus, children and their families enjoyed a meal, had time with Santa and received their gifts. Over 100 children and their families were involved in the event.

Santa tries to get back to his workshop and send off all the presents left behind out. Some of the children who they would like more time to talk to him.

"I was grateful to have been able to do this for the Knox County community. I hate to see children go without especially at Christmas. The event itself brought a huge smile to many little faces. As the principal for this year, seeing that made all of this hard work worth it." Eamyn Bentley

# Breakfast with Santa

The Union College Residence Life Team poses for a picture with Santa.

The annual Breakfast with Santa was held on Dec. 5, and more than 50 children came to campus for a free pancake breakfast, Christmas crafts, time with Santa and Christmas gifts. The event is sponsored each year by Union's student development staff.

John and Hannah Wallhauser give their Christmas Wishes to Santa with hopes they are on the "Nice" list. Hannah said "I like going to Breakfast with Santa because there's a good chance to make new friends, and there's this special feeling that I get when I sit on Santa's lap, even if I know it's Coach Lanham or somebody. I still have a fun time being able to believe that it's Santa. Sometimes at the breakfast there are pancakes with sprinkles on them. And the eggs are extra soft. My special thing with eggs is that I like to pour syrup on them. I really do. My brother loves going to Breakfast with Santa. He likes it most because he gets a toy at the end. My brother and I always stick together there. It's a good feeling to have during Christmas. But, this year, I got to help with the arts and crafts. I think it's a big deal, because I feel very independent being able to watch over other kids."

One of Santa's elves helps the attending children with their various and colorful crafts.

Autumn Combs hands out the presents to the children after they tell Santa what they want for Christmas.

After the long journey from the North Pole Santa's helpers find time to take part in the delicious pancake breakfast, made with the help of Pioneer Food Services.

Eric Ashcraft aka Santa Claus "I was Santa because I stepped forward and wanted to do it. I went beyond my job and did something good for the children of the community. I guess I can look forward to being Santa for years to come."

# Christmas Choir Festival

Left: The combined choirs start the night off with *Break Forth with Joy*.

Below: Danny Phelps and Kathy Smith are the accompanists on piano and organ players.

Every year Union hosts a Christmas Choral Arrangement. Dr. Gay Gandy along with the UC Singers, Harmony and Regional Chorus bring the festive spirit to Conway Boatman Chapel. With a packed house, the Union Choral Department gave a great show. Whether the choirs sang together, separate, or with the help of the audience, the joyous sounds of the season could be heard throughout the building. The audience sing alongs included *O Little Town of Bethlehem*; *O Come, All Ye Faithful*; and *Away in a Manger*. Immediately following the concert there was a reception in the Atrium of the Sharp Academic Center.

Recent alumni Travis Carmack and Magdalyn Mayes come back to support their fellow choir friends

Even at the reception one can tell that there is a festive holiday cheer.

V. Gay Gandy

The 2009 Christmas Festival brought together all three of the college's choral ensembles. The concert offers music of the Christmas Season to the campus community, Barboursville, and surrounding communities."

# Fall Convocation

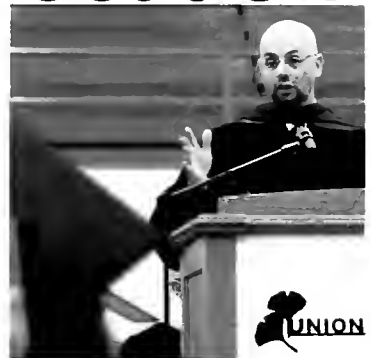

A Smilax, Ky., native and Union College graduate who now works on college access issues across the nation returned to his home state to help Union kick-off the academic year. Billy Hensley, Ph.D., a 1998 graduate of Union College, returned to campus September 3 to give the address at Fall Convocation.

Originally from Smilax, Ky., Hensley graduated from Leslie County High School in 1993 and from Union in 1998. He earned a Master's in education from Union in 2001, and in 2009 completed a Ph.D. in educational studies at the University of Cincinnati. Hensley's dissertation, "Seeking Safe Spaces: The Impact of Campus Climate on College Choice," has been nominated for the Garvin Dissertation Award given to the outstanding dissertation of the year in the College of Education, Criminal Justice and Human Services at the university.

As a college access professional, Hensley has worked with the Ohio College Access Network and the KnowledgeWorks Foundation and has given keynote addresses around the country, including a presentation to the Ohio State Legislature in 2006. His work in Ohio helped increase the number of college access programs by designing sustainability plans for programs in Appalachian and urban communities. Over the course of his career, he has helped secure state and federal grants for college access initiatives totaling more than \$35 million.

Hensley is also active in social justice issues and has served on several boards, including the Urban Appalachian Council of Greater Cincinnati, the Youth Council of the Southwest Ohio Workforce Policy Board and the Diversity Council of the University of Cincinnati. He has served as trustee of Emmanuel Fellowship Church in Akron, Ohio, and as a class agent for Union College. Hensley received the Exemplary Service Award from the Southwest Ohio Secondary Teaching Academy in 2007 and the Union College Rising Star Award in 2003.

Hensley now practices as an educational consultant in Denver, Colo.

# Spring Convocation

Bertice Berry, Ph.D., was the featured speaker at Union's spring convocation on Jan. 21, 2010.

Spring convocation is held each year in honor of Dr. Martin Luther King Jr. The event highlights Dr. King's legacy by featuring guest speakers who address issues related to social justice, civil rights, non-violent protest and the spirit of the late leader's message.

This year's spring convocation speaker is Bertice Berry, Ph.D. Berry is a sociologist, author, lecturer and educator. She was the host and co-executive producer of a nationally syndicated talk show, hosted "USA Live" on the USA Cable Network, and has appeared on "The Oprah Winfrey Show," "The Tonight Show with Jay Leno" and ABC's "20/20." Berry is the best-selling author of ten books and winner of the Comedian of the Year Award from 1991 through 1994.

Berry is known for using humor as a way to address difficult subjects such as racism and sexism, and has earned several awards recognizing her as a gifted speaker and comic with a serious message. Her busy schedule includes over 200 appearances a year.

Oliver Goldsmith's comedy play *She Stoops to Conquer* was our spring production. It starred Tommy Ruth in his fifth, and perhaps final, appearance. Jennifer Mullins was his romantic counterpart, Kate.

Below: Chelsea D'Connell does an expert job with hair and make-up.

### Cast of Characters

(in order of appearance)

|                    |                      |
|--------------------|----------------------|
| Mr. Hardcastle     | Andy Messer          |
| Mrs. Hardcastle    | Samantha Caldwell    |
| Tony Lumpkin       | Jason Johnson        |
| Kate Hardcastle    | Jennifer Mullins     |
| Constance Neville  | Emily Baker          |
| Stingo             | Steve D'Donoghue     |
| Muggins            | Will Sanderson       |
| Slang              | Chris Adams          |
| Aminodab           | Samantha Caldwell    |
| Esmereida          | Gabrielle Mellendorf |
| Charles Marlow     | Tommy Ruth           |
| George Hastings    | Jesse Beal           |
| Diggory            | Aaron Farmer         |
| Roger              | Shawn Spoon          |
| Dick               | Keith Parker         |
| Dairy Maid         | Krystal Webb         |
| Servant to Marlow  | Chris Adams          |
| Maid to Kate       | Krystal Webb         |
| Sir Charles Marlow | Charles Woolfork     |

Andy Messer, winner of this year's Excellence in Teaching award, found time to play her father, Mr. Hardcastle. His outrageous wife was played by Samantha Caldwell, who keeps getting the difficult physical comedy roles along with Jason Johnson. Jason played her rowdy son Tony, whose practical jokes cause mayhem.

Emily Baker and Jesse Beal played the second romantic couple. Right: Newcomer Charles Woolfork played Sir Charles Marlow.

Keith and Aaron.

Below, left, Samantha Caldwell:

"*She Stoops to Conquer* was crazy! It was hard for me to act so eccentric; I was out of my comfort zone (like everyone else, except maybe Andy Messer, he was amazing!)."

Below, Jesse Beal (with Jason Johnson on the left): "This was my first leading role, because two people backed out! Plus, I didn't have night classes. It was a lot of work. That costume was interesting. I felt like an 80s throwback rug, or a couch. It was a lot of fun and a great experience that I won't forget. The bear in the corner (Dave Emerson) won't let me forget!"

Practice was long and hard; more than once a few of us just broke down. Playing two different parts just added to the hectic mess behind the scenes. I had a 3 foot square to change in and out of a huge dress, and it had 3 layers of hugeness. Getting strep throat a day before we opened made the crazyness so much worse!

After all is said and done, I think we put on a great couple of shows and made some awesome (and not so awesome) memories together as a big happy theatre family!"

Above: Tommy and Jennifer.

Inset: Dave doing lights and sound.

Left: rehearsals.

Below: Chewie, Steve, Will, Chris and Sam.

### Set Construction

Jennifer Mullins  
Bethany Broughton  
Steven Rodriguez  
Michael Amadeo  
Keith Parker  
Dave Emerson

Left, Technical Director, Emily Baker: "I love building the sets because I get to experience a part of the theatre few others enjoy. At the end of the day I can stand back and see what I've done. It's a good feeling."

From Left to Right: Krystal Webb, Cody Thompson, Deborah Mills, Dave Emerson, Bethany Hopkins, Aaron Collum, Tiffany Caudill, Ashley Woolum, Aaron Farmer, Maddie Peterson, Amy Vallendingham, Chris Horne, Julie Beal, Rev. Dave Miller, Krystal Hale, Bobby Partin, and Stephen O'Donoghue (behind camera).

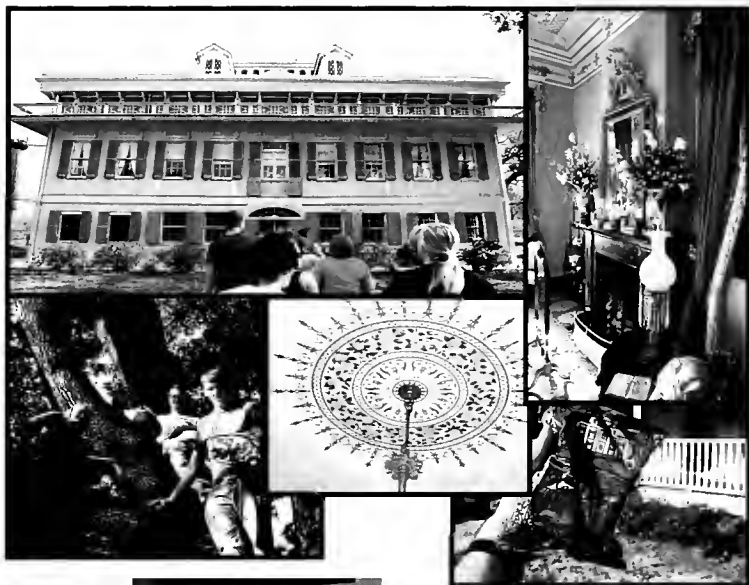

## Alternative Spring Break 2010

### Houma-New Orleans, LA

This year Union returned to the Louisiana area to help in the relief efforts of the recent hurricanes, Gustav and Ike. The trip was a 6 day venture from March 13 - March 18, 2010. In the end the group numbered 17 people representing the faculty, staff, and student population here at Union.

It was amazing what the group had a chance to do and see while they were down there. The main focus of the trip was community service. Between the 17 that went, they work a total of 17 hours each which equaled 289 total hours devoted to helping the community grow. Our service site was a former Catholic church turned Pentecostal that is over 100 years old (God's House of Refuge).

Other activities the group had the chance to do were: a plantation tour, a swamp tour, a tour of a deep sea research facility, siteseeing in the city of New Orleans, and the chance to try the local cuisine (pounds and pounds of crawfish and gator).

"The trip started out with a very very loooong bus ride, which I think was half the fun. I also met new people and made some new friends on the way to New Orleans. I can't name all the people, but you know who you are!!! When we got there, we set up camp in a small church in Houma, Grand Caillou Baptist. It was interesting because I grew up in a different community and I had never been inside a Baptist church before. We got to tour the next day, visiting Bourbon Street and I had the chance to go through the French Quarter, the local flea market. The architecture and colors through town were fantastic! We also got the chance to tour a restored plantation and mansion. That was pretty cool; the original paint jobs and furniture were all there. The next few days we got down to work, sanding and mudding and taping all around the upper story of the church we were restoring. We worked hard for 3 days, getting more done than the supervisors expected. It was a lot of fun. We did take one afternoon off to go on a swamp tour, where I almost lost my hand to an alligator. It was pretty sweet though. We saw a bald eagle and even a swamp rat! Houma was incredible; I will never forget that experience as long as I live. I made friends that I will hopefully have for many years to come. Thanks to the Bonners and Spiritual Life programs for the amazing experience!"

# REPAIR AFFAIR

Union College  
Common Partners

**Everybody can be great because anybody can serve. You don't have to have a college degree to serve. You don't have to make your subject and your verb agree to serve. You only need a heart full of grace, a soul generated by love.**  
-Martin Luther King Jr.

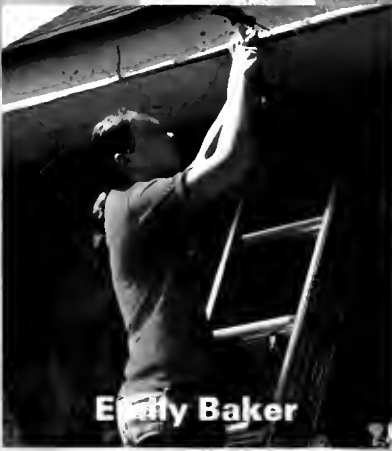

Right: Nick Baldwin, Bonner, helps out in the tall places as he towers above all others.

Right: Union swim coach, Rafael Forti, getting the ground ready for a new porch.

Right: Chris Osborne always remembers to measure twice and cut once.

Emily Baker

Left: Volunteers work with a smile as they get to rip out an old door and put in the new one.

Dave Emerson- "This is my first Repair Affair. I had no clue that so many people were involved, I was shocked at the sheer number of people that were in the LLSC waiting for their assignments."

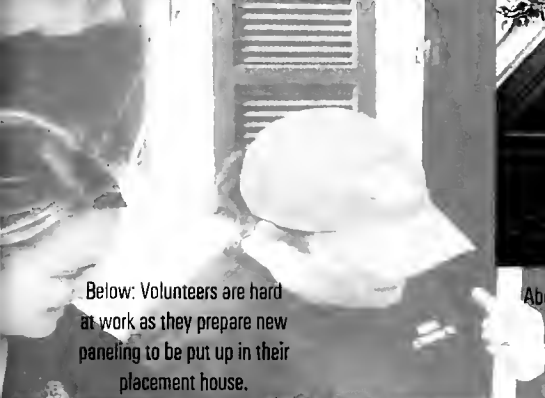

Above: Members of the Junior Women's Study Club of Barbourville proudly show off their work.

Barbourville Mayor David Thompson said "The Repair Affair has become a staple of our community. I am very proud of the residents and community coming together for the greater good"

Below: Volunteers are hard at work as they prepare new paneling to be put up in their placement house.

Senior Bonner Marcus Ashcraft - "This is my 4th and final Repair Affair as a Union College Student. I will, however, come back for more."

**For 13 years Union College and the Common Partners have hosted the Knox County Repair Affair. In the course of a day many volunteers, clubs, sports teams, community partners and various faculty and staff come together for one thing, to help someone in need. The Bonner junior class did an amazing job with the preparation and logistics. Five houses and a number of hours later their job was complete, another successful Repair Affair for the record books.**

Below: What better way to start off the day than with a hot breakfast provided by Pioneer Catering Services.

Above: Spiritual Life and Bonners work hard at getting their placement house ready for the occupants.

# Parents With Class

Some students have more than classes, sports and exams to deal with: they have children. How do they manage?

Right: Mom's big day. Tara Cuthrell celebrates Commencement Day on May 8th with her children Carter and Shelby.

Jeremiah Back, with his daughter Delilah Claire:  
 "I think it is not as hard to be a parent and a student as you think it would be. I do have a very helpful spouse; it would be much harder on your own. My daughter is Delilah, and my wife is Kimberley Back, a graduate of Morehead State.

The hardest thing is trying to balance family life with being active on campus. I'm the captain of the swim team, I'm in the Honors Program, and I'm in Pep Band.

While it's not the most ideal situation, you should plan ahead and evaluate what really matters to you. It is the best thing for your child, to get your education and graduate from college, and not be working at McDonald's forever!"

Terry & Lauren McMillan, with their son Caden.

Lauren McMillan, winner of the Most Improved co-curricular award for volleyball this year. "Being a parent and a student is easy for the most part, as long as you've got a babysitter. My family babysits. All the girls in the volleyball team are willing to help, also.

Being on a sports team makes it stressful. In volleyball pre-season we do two or three practices a day. Because of traveling to away games I have to leave Caden. I commute from Corbin, so coming back to Union for events and practices takes time.

Even though I have a hectic life with school, sports and a child, I wouldn't trade it for anything. I am truly blessed to have such a wonderful life. I have a ton of support from Union, my husband and my family."

Right: Shaina Thomas with her daughter Brooklyn:  
 "Having a family and going to school is doable. It is hard; it is definitely not easy. My daughter will be 3 in August. My husband Eric and I typically take 15 to 18 hours of classes apiece. It's rough (she laughs)! You constantly have conflicts between family time and class time, family time vs homework time.

For me, personally, the hardest thing is knowing that every time I pull into the Union parking lot, I'm missing time with my daughter before she goes to school. I constantly have to remind myself that it is better for her to see me balancing home and professional life; having an education doesn't stop you from having a family."

Above: Feiarra Rashaed with her daughter Keidence.

Right: Caitlin Hedrick, with her daughter Claire.  
 "Brandon Hedrick and I were married and had Claire before we came to Union College. We live off-campus. Barboursville is my home town, Brandon is from Corbin. I get stressed out sometimes, but overall I think it is easy being a parent and a student. The day care place across the road really helps out. It was hard when we first started school and Claire was just a newborn. Now she's two, and it's easier. She can keep herself entertained at home with her toys. When she was a baby I had to hold her all the time. Brandon is a baseball player, so the spring makes it a little harder; they travel a lot.

Union Harmony sing  
*Alleluia*, by Kuhnau  
and Liebergen.

Left: Magnus  
Lundberg, Nate Peyton  
and Michael Denton lead  
the class of 2010.

Above: A posthumous degree in Sociology was awarded to Marsha Banks, who died in February. Her husband Kernal Banks accepted it. Her son Aeron Banks and Scarlett, one of her grandchildren, also represented this brave student. She was with us all in spirit on Commencement Day.

Right: Shanya Jackson leads the procession down College Street.

# to Alumni

to the future

Right: Co-Valedictorian Magnus Lundberg gave a sparkling speech. (Continued right.)

(Continued from the left.) While learning English, he used two words all the time: "wow" and "cool."

Left, Kirk Shufflebarger: "All of the memories I have gathered over the years came full circle in those couple of hours. Graduating didn't hit me until I walked the line towards the end, between the two lines of professors. That's when it hit me head on; that these four great years were coming to an end."

Right: Dr. Inkster told Jeff Frederick he couldn't believe he was actually going to graduate, and didn't want him to. So, neither could look!

Left: Thomas Saylor accepts his first-ever salute as a 2nd Lieutenant, after the commissioning ceremony for him and Karl Smith.

Right, Johnnie Nabors Jr.: "I noticed I am an example for my cousins around me, living proof that success is earned through hard work, and they are the future... I walked in to Union College in Kentucky, stepping out of my comfort zone from Georgia. Teachers, coaches, students, teammates, classmates, campus safety, and the environment inspired me." (Continued right.)

"Because of them I'm now convinced I can stand on my own two feet as I leave Union College. I've left my mark at Union, like many who came before me. I've gained knowledge and wisdom that lasts a lifetime, set and broke records while winning a championship and finished with a degree. So my mission is accomplished."

Below: Raina Birchfield celebrates a beautiful day.

### Celebrity Deaths of 2009

- Brittany Murphy**, 32, US actress who starred in Clueless and Sin City; voiced characters on King of the Hill & Happy Feet.
- Roy E. Disney**, 79, former Walt Disney Co. executive.
- Patrick Swayze**, 57, US actor best known for the films Dirty Dancing and Ghost.
- Henry Allingham**, 113, the world's oldest man and one of the last surviving British World War I veterans. He jokingly described the secret to longevity as "cigarettes, whisky and wild, wild women."
- Walter Cronkite**, 92, US broadcaster and journalist who read the news for the CBS network for decades, interviewed the powerful and famous, and in the 1970s was voted "the most trusted man in America".
- Michael Jackson**, 50, US singer dubbed the King of Pop.
- Farrah Fawcett**, 62, US actress who gained fame in the television series Charlie's Angels.
- Ed McMahon**, 86, veteran US broadcaster best known as sidekick to legendary Tonight Show host Johnny Carson.
- Millvina Dean**, 97, the last survivor of the Titanic, which sank on April 15, 1912. She was nine weeks old at the time of the disaster, in which her father was one of the 1517 victims.

Javier Bardem Penélope Cruz Scarlett Johansson

# Who made this

**Left, Dr. Christina Marley Erickson, Faculty Yearbook Advisor:**  
 "I did the pages for the Scooby-Loo orientation video, the Commuters page, Co-curricular Awards, helped with the pages for CAB, Homecoming Court, Tennis, Softball...took many of the faculty photos. I just do whatever is left to be done whether it be a page or proofreading or just reminding everyone of deadlines. I'm sure as I write this that I'll have completed more pages and done work not listed here before the book is complete"

**Right, Amy Vallandigham:**  
 "I am a soccer player and Student Ambassador. My major is elementary education. This is my first time working on yearbook, and I have to admit the long hours of staring at a computer were worth it when I saw the outcome. I have enjoyed every second of the yearbook. The people were great and I learned something new. The pages I worked on were Student Ambassadors, Spiritual Life, and The Year in Review."

**Left, Desiree Grimm:**  
 "I was in charge of 3 different pages: Homecoming Court, Men's Soccer, and Men's Basketball. Designing the layout for the homecoming court page and watching it all come together was definitely the most fun! Soccer and basketball took a lot longer and getting quotes was almost impossible! It all came together in the end though and I really enjoyed working on the pages!"

**Right, Amanda Hale:**  
 "I have really enjoyed being part of the yearbook staff, I never got to do it in high school, that's the reason I'm doing it now. I completed the pages for Pep Band, Summer Orientations, and Golf. Some words of wisdom to live by: "Teach us to number our days and recognize how few they are; help us to spend them as we should" (Psalm 90:12, TLB).

**Left, Maddie Peterson:**  
 Maddie did the Volleyball pages, and lots of other work, like assembling the score sheets for other sports pages. She came to Union from Northwest College in Powell, Wyoming. She's a volleyball player, sang with Regional Chorus, and had the audience howling with laughter at the APO Awards. Her Facebook page says "Be yourself, and do it on purpose." She lists her interests as "Hiking, playing the piano, volleyball, and swimming."

**Right, Arthur Johnson:**  
 "I enjoyed working on the yearbook, other than it was very time consuming, but it was all worth it. My focus was the Football pages, spotlighting all the seniors so they are never forgotten. I hope the team keeps improving on the field and in the classroom. Shout-out to Coach John Gray!!!! (Now you're cooking with grease!)"

**Left, Rachel Millsop:**  
 "I enjoyed working on the Cycling page for the yearbook this year and I really hope everyone on the team is pleased with it. I think we have a really good group and I look forward to next year's season."

**Right, Lon 'Sonny' Whitson:**  
 Sonny worked on the pages for Season of Giving and Regal Affair. He is from Frankfort, KY. He's one of Union College's Student Ambassadors, and is part of UC Singers. His Facebook profile says he's an independent Internet Media Promoter.

**Left, Tamara Malloy:**  
 "Thank you, God for getting me through another year!  
 My boys, Jakob, Jared and Jace. I love you!  
 I did the Faculty, Staff and Admin pictures and CAB pages 44-45.  
 Special thank you's to Monica Shannon, Zosha Brewer and Jay Stencil for their help."

Faces to name and pictures to take,  
 Give me a task that doesn't look fake,  
 Equals to capture and capture to write,  
 Deadlines to meet, coming in sight,  
 Flip through pages and you will see,  
 The time you spent at school is here,  
 The finished product can't compare,  
 To memories made and all the time shared.

# Yearbook?

Left, Marlee Cooper:

"I really enjoyed being able to work on a page for the yearbook. It was a perfect way to end my undergraduate career and contribute one last thing to Union before I left. I have so many memories and wonderful moments that this school has given me, summer of service being one of them, and I am thrilled that I got to highlight some of the moments from other students as well. The trip to Nicaragua was a once in a lifetime opportunity that meant the world to me. I am glad that I got to share it with other people."

Left, Bradley Hobbs:

"This was my last year of my college career. Five years seems to be a very long period. I am pleased with this accomplishment. During the course of this year, I took on the Swim pages, at the last part of my graduating year. To me, this is a memorable part of the year that I will look back on what I have done in the past with pride. Thank you, Union College!"

Left, Cody Thompson:

"I did the page on the Hanging of The Greens and the President's Open House. My freshman year of college has been one of the most eye opening periods of my life. It has allowed me to travel all over, which is something I love to do."

Jerry Jackson (above) helped with the page on Union's Alma Mater. Ximena Aguilar worked on a section of the Season of Giving pages. Aaron Beau Farmer (next) did picture selection for the Softball pages and typed interview notes. He also fed Steve O'Donoghue as the yearbook was being finished! Monica Moreland (next) also worked on pages. Stephen O'Donoghue was the main photographer, and Chris Osborne took many more pictures. We also used photographs taken by:

(Missy Frederick (above), Brenna Wallhauser, Jay Stancil (next), Joe Nagle, Shaina Thomas (2nd from right), Cullen Smith, Cassie Kost, Heather Cole (right), Makenzie Prichard, Alessandra Tavoloni and Tommy Ruth. Many of those helped with research, as did: Aaron Banks, Dr. Linda Silber, Margaret Sinters, Monica Shannon, Brisja Brewer, Katarina Marie Sprunk, Dr. V. Gay Gandy and Dr. Randy Sheets.

Right, Jessie Baker:

"This is my second year working on the yearbook and it has been a pleasure being able to help out in any way that I could. Although it is time consuming and sometimes frustrating, I am thankful for the opportunity and experience that I have had. My contributions to this year's yearbook include the pages for C.A.F.E.S. and I Welcome Weekend."

Right, Pam Napier:

Did the page for the fall production, *Play On!*

Pam became a member of APO within her first year by doing furious amounts of backstage work for Union College Theatre. Then she stunned us all with a brilliant acting performance in the one act play *There Is No John Garfield*. (see page 36)

Right, Jeff Ross:

"Working on the yearbook was good fun, and a great way for me to improve my skills in design. I am thankful that Union provides opportunities like this to students who are truly interested in working in the graphics and design industry. This is Jeff Ross, your scholarly gentleman."

Right, Gregg Rice:

Gregg did the interviews and research for the Commuters page. "It's been a blessing to be accepted into the Union College family again, and I'm very grateful for the many opportunities that Union has provided for me. I have thoroughly enjoyed the students and faculty I've encountered during this journey and may we all continue to prosper in life."

# Christopher Lee Osborne

As you can see this year has been an extremely busy and exciting one. To make it easier just follow the #'s on the pictures with the description below. Some of my friends at Pizza with the Rev(1); Me and my girlfriend Amy(2); My soon to be wife - June 18, 2011(3); Standing in the cold Atlantic Ocean at Myrtle Beach while at the Cheerleading Nationals(4); Laura Love, playwright and actress helping celebrate the successful run of another play(5); Helping get the yearbook lab ready for the year(6); Doing my part at the annual Repair Affair(7); A graduation present from the family(8); Amy and myself helping run the Pine Mountain Grotto booth at Earth Day(9); The life force of the yearbook (10); Pics of me taking pics(11,12); Taken in the heart of a Louisiana swamp (13); Union volunteers with the director of the Fellowship Christian Life food pantry(14); This is what I looked like after a 5 hour Adventure Race where Tim Saunders (teammate and alumni) and myself won third place(15); Among the many other things I do on campus I also help with the preparation of special events here at Union(16). My contribution was that I had a hand in teaching the new program and system we now use and for completing two-thirds, if not more, of all pages that you see before you.

8

Dr. Dan Covington's classes are very funny and engaging. He also feeds students food he cooks, for free. It's good stuff. I love it. Here he wants Amelia Cantrell to suck on a rock for a lab class.

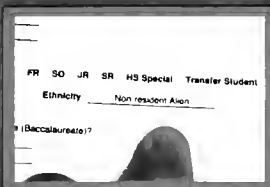

BFFs: Aaron, me, Maddie (and Ashley Woolum behind). We're covered in stuff from fixing a church in Houma (see page 111).

Emily Baker directed the one-act play *Wildwood/Parkin* in April. I'm rehearsing here with Chelsea O'Connell. I played the sinister Dr. Simian. I've never taken on a lead role before. I was terrified, but people said I was great.

## Once Upon a Time, in America...

I'm Steve O'Donoghue, the yearbook's student editor. I took most of the photos, did lots of pages, and helped people do others. This year I traveled, acted, sang and did stuff. For me, this was the year of Aaron Beau Farmer and Maddie Peterson. They're the best friends I've ever had...

Confirmation proves I'm an alien!

Amelia Cantrell and Erin Porter pierce the wall and break a mirror. No bad luck follows: the volleyball team keeps on winning!

It was fun watching the Cheer team winning in Myrtle Beach and Louisville. Seeing Brooke Bingham bust her knee at Nationals was *not* fun. Still, she's smiling, like any double champion should.

My smiley shoe! It split the day I sang for Regional Chorus. I held it together with rubber bands.

Above. I like this snow shot.

Everyone asks why I crush up my water bottles. It's so they fit in my pocket!

HELLO MUJI!

I thought the biggest story of the year belonged to Nikki Bistine (right, with her dog Nina).

Nikki had a very bad motorcycle crash. Doctors thought she might not live. Nikki disagreed. Doctors thought she might never walk again. Nikki disagreed. She returned to Union, where everyone was *very* glad to see her again.

Nikki told me: "The year was hard. It was hard to get back in the swing of things. It's harder when you're used to being a go-getter. It'll get better, though, because I refuse to listen to anyone who says I can't do something!"

# Filming of the Scooby Doo video

Monica Moreland at the camera as Director of Photography Jeremiah Back with the boom mic

Tommy Ruth, Director, helps Eric Ashcraft at the camera

Giggles from Daphne (Maisie Insko) and Fred (Shawn Spoon) follow the action sequence

Sarah Mills, as Script Supervisor, is in charge of keeping track of the script- and every shot taken of every scene

Sarah Mills, Tommy Ruth and Jessica Baker goofing off

Tommy Ruth has produced the orientation and Welcome Weekend videos since 2006 when he produced a music video. In 2007, he produced two Back to the Future videos for admissions with the help of an all student cast and crew. He then produced a Mario video and an Indiana Jones video. The 2010 theme is Scooby Doo. This year, Tommy, along with about 10 student actors and 14 mass communication majors produced a 20 minute video which included about 200 hours of filming, at least 100 hours of pre production (planning and writing) and another 200 plus hours in post production (mostly editing). The hours are long and the work is hard--but as Jerry Jackson, Dean of Admissions says "We incorporate multimedia into our event because that is what students today expect."

Bethany Broughton, in charge of makeup, wardrobe and props, applies some makeup to Chris Adams (playing a ghost)

The Scooby gang gets out of the van in front of Union. Shawn Spoon plays Fred. Maisie Insko plays Daphne. Chelsea O'Connell plays Velma. Will Sanderson plays Shaggy and Scooby Doo is Aaron McCollum

Charles Woolfork working the clapboard. Charles also helped with boom mics and grip work

Left: Emily Baker (playing herself in the film) waiting for the next scene to be shot

Maisie Insko and Jessica Baker take a time out

When Jeremiah Back (Production Co-ordinator) signed on to help with the filming he said he didn't know it would involve climbing light poles

David Emerson, working a boom mic here, also helped write the script and was the first Associate Director on the project

# HOOPIN' HAITI

Pictures: Nationalgeographic.com, www.collegian.psu.

On January 12, Haiti was hit by a magnitude 7.0 earthquake, causing terrible devastation. Haiti is a Caribbean country, on the island of Hispaniola. Over 50 aftershocks hit the survivors. Perhaps 230,000 people were killed, and a million left homeless. Houses, the presidential palace, the capital's cathedral and the UN mission were damaged or destroyed. For days people were digging in the rubble to find survivors.

Communication systems, transport links, hospitals, and electrical networks had been damaged by the earthquake, leaving the western hemisphere's poorest country unable to cope with this awful disaster.

The world responded with planes and ships full of aid and rescue workers. Here at Union, students, staff and faculty spontaneously created our response, which centered on a basketball game we called *Hoopin' 4 Haiti*.

Emily Baker had the idea for this event.

Back row: J.T. Thompson, Dustin Adams, Kyle Mendenhall, Tommy Ruth, Jason W. Lanham, Jamaine Gordon, Larry Reynolds, Cody Thompson, Nate Peyton, Brett Miller, Quintin Borders. Next row: faculty / staff team coach Debbie D'Anna, Demetrius Hicks, Sam Lee, Eric Ashcraft, Larry Reynolds, Joel Joseph, student team coach Jerry Jackson. Front: Jeremy Sanders, Magnus Lundberg, James "Peanut" Manns, Chris Daniels, Tim Dandy.

Right: The rowdy Jerry Jackson is taken out by Walt. (JK.)

Right: Coach Lanham slips past Quintin Borders.

Union faculty and staff faced a team of students in the fundraiser basketball game on Feb. 5. Students Eden Ellison and Jamie Van Cleave (below, left) had recently made service-learning visits to Haiti (page 94), and talked at half-time about the country, and presented a video.

Common Partners staffed a table near the cafeteria, to advise on what supplies were needed, and sell fundraiser T-shirts. The \$1400 raised that week was sent to Haiti via the Fondwa Emergency Relief Committee. Donated supplies were sent through The United Methodist Committee on Relief.

Left: People could pay to enter, or donate essential supplies.

Right: Putting together the supplies for shipping.

Who won? Jerry's team were spirited, but were edged out by their rivals.

**Marsha Banks**

This year the Union family lost one of its students. At Commencement Day there was one empty chair in the front row, with a red rose, and a cap and gown. They belonged to Marsha Banks, and her family was there to represent her. Her husband Kernel and her son Aaron Banks, a student here, came to collect her degree.

Marsha was born in Dayton, Ohio in 1953. She passed away February 23rd, 2010. She was just weeks away from completing her degree in sociology.

Everyone at Union who knew her was astonished by her determination to learn while fighting cancer. Students were humbled to see her getting to class even when she was having a very bad day. She will always remind us that our education is precious, and worth the struggle. Her attitude toward life inspires us. Dr. Linda Silber gathered tributes from those who knew her. This is what people say, when they recall Marsha Banks:

# In Loving Memory...

**Ashley E. Poore:**

"In my memory Marsha Banks will always be remembered as an exuberant and fiery woman. When you meet a person that reminds one of one's own self things can either be fair or may get a little sticky. Marsha and I were a pair! She always gave me a run for my money and questioned my opinions and answers.

I'll never forget one time in class we were having an argument about food stamps and welfare. All of a sudden Marsha comes up with this upstanding argument about people on welfare...

I am always one to argue, but at this particular time I couldn't. Everything she said that day was completely right and for once I saw it from the eyes of someone else.

I have always been grateful for that day when she helped me understand.

Marsha you will be remembered....!"

**Khambrel Simpkins (left):**

"This was my third semester having a class with Marsha. I saw her fight through pain and sickness to take care of the task at hand, which was school. If she could make it to class despite how horrible she felt, she was there. She'd re-enrolled back in college to obtain a second degree. I loved hearing her opinions on discussions or topics that we debated in class because she used a lot of personal experience. She always had something to say on these topics; there was a fire inside her that burned bright.

It hurt to see someone so close to accomplishing their goal taken away. I guess God wanted his angel by his side, so he called her home. In every sense of the word she was a 'great' person, with an enlightened air about her. I just want Aaron and his family to know that I am proud I had a chance to meet her."

**Dr. Linda Silber:**

"Marsha was everything a professor dreams of in a student: bright, curious, and hard-working. I will never forget her final presentation in sociology theory class. Marsha wasn't feeling well, she checked into the hospital afterwards, but she still managed to give one of the best undergraduate presentations I've heard for over 20 years. She was heroic in her struggle - but more than that - she cared so deeply about what she studied and the life of the mind. And Marsha could be fun and funny, too. And always outspoken. If you had a class with her, you felt her presence. And though she was not the age of the other students, she still made common cause with them, and enjoyed them. I feel honored that I had the chance to work with such a dedicated student."

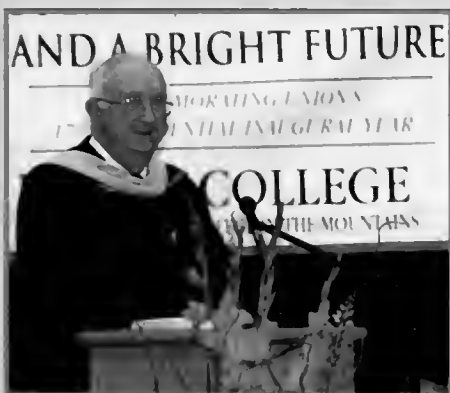

Aaron Banks, his wife Christina, their daughter Scarlett, and Marsha's husband Kernel Banks.

**Mahlon Miller**

Union's longest-serving president passed away on Dec. 19. Mahlon Miller led the college from February 1959 through 1982. He first came to Union in 1955, and last returned in 2005 to attend President de Rosset's inauguration (left). His building program transformed the campus: housing for faculty in College Park, Robsion Arena, the Patridge Campus Center, a new section of College Courts, Lakeside Hall, Lakeside Athletics Complex and the Mahlon Miller Science Center were all constructed during his tenure.

Miller also doubled and tripled faculty numbers in several departments. Student enrollment grew to 1,190 students, a number only surpassed in 2005. Miller launched the graduate education program in 1960 to meet the needs of regional teachers. It has grown and celebrates its 50th anniversary this year.

President de Rosset says that much of Miller's estate has been bequeathed to the college, with instructions to "assist students at Union who need financial aid." "Union College was my life and remains my life," Miller wrote. "Union will always be in my blood."

# Alma Mater

Girt with many a grand old mountain, stands our college dear;  
While the Cumberland sings ever, praise for her to hear.  
Union College, Alma Mater, we would praise thee, too;  
For the strength of precepts taught us; we'll to them be true.

### CHORUS:

Union College, dear old Union! Union strong and free!  
Loyal sons and daughters ever, we will live for thee.

For the many lesson learned here Life shall nobler be:  
Strength and honor, courage, wisdom, truth, sincerity,  
Alma Mater--Dear old Union Thine our hearts will be  
As we journey down life's pathway to eternity

### CHORUS

For the greatest of all lessons, praise is ever thine;  
Faith in God and in each other, service too, sublime.  
As we go to meet life's conflict, we shall victors be,  
If we're loyal to the precepts taught so well by thee.

### CHORUS

Abigail E. Weeks

Top photo: Members of Union Harmony sing the Alma Mater at Honors Convocation.  
Lower photo: Chad Ferguson, Aaron McCullom, Bethany Hopkins and other students sing the Alma Mater at Fall Convocation.

The Alma Mater is sung regularly at most official functions. According to documents released by the President's Office, there have been three different versions of the Alma Mater used here at Union College.

The words and original arrangement were written by Dr. Abigail E. Weeks who served at Union from 1906-1931 as a faculty member, and as the Head Librarian from 1924 to 1931. The original words included the phrase "we shall masters be." The present day wording is "we shall victors be."

The arrangement was later adapted by Dr. Randall Sheets, who served as the Choral Director at Union for many years. In his change, he wrote a new arrangement of the Alma Mater using the original tune, but changing the harmony and lowering the key so it could be more comfortably sung by untrained singers.

The last and final change to date was by Dr. Sarah Webb Phillips, College Minister and Dr. Ed Phillips, Professor of Religion. They changed the words from "faith in God and in our brother," to "faith in God and in each other" to make the anthem more inclusive.
